**Temporary IT – Final Four  
SMG/U.S. Bank Stadium  
2/25/2019**

REQUEST FOR PROPOSALS

**Temporary IT – Final Four**

U.S. BANK STADIUM

MINNEAPOLIS, MINNESOTA

**2/25/2019**

A. Project Background and Objectives

In 2012, the State of Minnesota enacted 2012 Minnesota Laws, Chapter 299 (the “Act”), to establish the Minnesota Sports Facilities Authority (“Authority”) and to provide for the construction, financing, and long-term use of a new stadium now known as U.S. Bank Stadium (the “Stadium”) and related stadium infrastructure (the “Stadium Infrastructure”) as a venue for professional football and a broad range of other civic, community, athletic, educational, cultural and commercial activities.

SMG is soliciting in this Request for Proposals (“RFP”) and work shall be referred to in this RFP as the “Project”. To that end, SMG has prepared this RFP for the coordination and the completion of Temporary IT – Final Four. Those who respond to this RFP shall be referred to as “Proposers”.

The Project is located at the Stadium [and other additional adjacent land that has been acquired by the Authority in Minneapolis, Minnesota]. The Documents identifying and indicating the scope of the Project are also incorporated within this RFP as **Exhibit F**.

The successful Proposer to the RFP will be engaged to coordinate and complete the Temporary IT – Final Four (as further described in the RFP and any addenda that will be issued to this RFP) including, without limitation:

- Coordinate all activities to safely, effectively and efficiently provide temporary IT systems, primarily consisting of supplemental WiFi coverage for temporary seating and assistance with IT services for temporary media locations on event level (courtside and other media locations).
- Scope Summary: Procure, install, and commission a temporary system for IT.

B. Intent and Process of the Request for Proposals

This RFP is focused on the selection of Proposer that will provide the best value to SMG.

Proposers should have significant experience in providing temporary IT systems and projects similar to the Project that is the subject of this RFP. It is the desire of SMG to consider as part of its selection criteria the commitment of the Proposer to exert good faith efforts to comply with the plan of the Authority to ensure equitable opportunities for Minority Owned Business Enterprises (“MBE”) and Women Owned Business Enterprises (“WBE”) to participate in the Project. The successful Proposer or Proposers must also demonstrate the ability to exert good faith efforts to comply with workforce goals and targeted zip code hiring goals, and work with organizations to develop effective MBE, WBE and workforce recruitment efforts. Each Proposer should provide a plan describing how they will encourage the participation and utilization of appropriate workforce, MBEs and WBEs in the Proposers’ performance of their services. MBEs and WBEs that are interested in acting as the Proposers for the Project are encouraged to respond to the RFP.

C. Scope of the Project Requirements

The proposal should be responsive to and explain how the Proposer will provide the following project requirements:

- Significant experience in temporary IT systems and servicing urban clients (downtown Minneapolis).
- In-house capacity to provide construction management, coordination and scheduling for the required completion of the Project.
- U.S. Bank Stadium is an active venue hosting a variety of events during the course of this Project’s construction schedule. Event logistics and event programs take precedence over construction activities. Close coordination with construction activities that create noise and limit access to spaces will be paramount. Proposer has a duty to coordinate their activities with SMG.

D. Requested Qualifications

SMG reserves the right and discretion to determine the qualifications and responsibility of the Proposers to perform the work and services that are the subject of the RFP. It is the request and intent of SMG that Proposers responding to the RFP have the following qualifications.

- Significant experience in performing services similar to the Project that is the subject of this RFP and ideally, familiarity with existing stadium infrastructure and systems.

F.2 Submittal Requirements: Evaluation of Proposals

Proposers who fail any criterion may have their Proposal rejected. A total of 1,000 points will be available as follows:

Project Delivery:	300 points
Commercial Terms:	300 points
Interview:	200 points
Equitable Contracting and Hiring:	Pass/Fail

The Proposals receiving the highest three scores, as determined by SMG in its sole discretion, will then be short-listed and may be selected to enter into final discussions and negotiations with SMG, as a result of which SMG will select in its discretion the Proposer whose final Proposal is most advantageous and the best value to the Authority as permitted by the Act.

According to the Act, there shall be no disclosure of any information derived from Proposals submitted by competing Proposers and the content of all Proposals is nonpublic data under Chapter 13 of Minnesota Statutes until such time as a notice to award a contract is given by the Authority.

SMG may change its scoring of Proposals as a result of interviews of and negotiations with Proposers.

A Proposer's response may also contain any narrative, charts, tables, diagrams, or other materials in addition to those called for herein, to the extent such additions are useful for clarity or completeness of the response. Attachments should clearly indicate on each the page the paragraph in the RFP to which they pertain.

The RFP, responses to it, and any subsequent negotiations and discussions shall in no way be deemed to create a binding contract or expectation of an agreement between the Proposer and the Authority.

The Authority shall be allowed to keep any and all materials supplied by the Proposers in response to the RFP.

The Authority reserves the right to accept or reject any or all Proposals, to amend or alter the selection process in any way by addendum, to postpone the selection process for its own convenience at any time, and to waive any non-material defects in proposals submitted. Proposals are required to remain open and subject to acceptance until an award is finalized, or a minimum of (90) days following the date of submission of Proposals. The Authority also reserves the right to accept or reject any individual sub-consultants that the successful Proposer proposes to use.

## EXHIBIT F – Scope Document

U.S. Bank Stadium, Minneapolis, Minnesota  
Request for Proposals to Provide Temporary IT Systems for 2019 NCAA Men’s Final Four

### Part 1 – General Conditions and Requirements

#### 1.01 Work Description

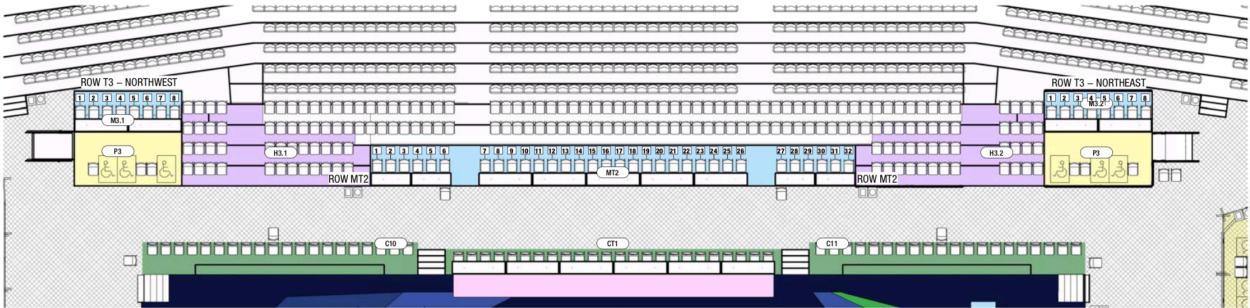

1. The following work description outlines the major components required and is not an exhaustive listing. The primary requirement is for supplemental WiFi coverage for all temporary seating and media areas, including courtside and media interview areas on event level. The building has approximately 30 tripods with Cisco 3700-series access points that may be utilized, but we want to add up to 250 temporary Cisco 3700-series (or similar) access points, along with NEMA enclosures, all temporary cabling to support these temporary access points, temporary switching required to integrate with the existing building network and engineering services to ensure the temporary and permanent access points are optimized for Final Four weekend. Removal of all temporary access points and enclosures to be coordinated with temporary seating vendor at conclusion of championship game.
2. The secondary requirement is to provide hard-wired data port support to all temporary locations on event level, which may include providing physical cable and switch ports. The building has six mobile carts that each have one Cisco 3850 48-port switch and one Cisco VG100 interface with 24 analog phone lines that may be utilized. In addition to the carts, we would like options for rental and/or purchase of additional Cisco switch ports in these quantities: 200 ports in east media section, 200 ports in west media section, 80 ports south media, 48 ports north media and up to 100 ports courtside (see attached diagrams).
3. Approximately 90 media and courtside positions on event level will require IPTV services, requiring a data port, TV set and Cisco Vision compatible DMP (exact locations to be identified after contract award). TV sets will be provided, but we desire quotes on DMP rental and/or purchase options for 90 Cisco Vision compatible DMP units (and associated licenses to integrate into existing stadium IPTV environment).
4. RFP response should include options for both pre-terminated ethernet cabling (cat 5E or greater) and for ethernet spools with qualified termination staff that can be onsite to create custom length cables as needed during Final Four weekend. Fiber experience is also desired, as most switch stacks will be connected to the existing stadium infrastructure via tactical fiber spools (provided by the stadium).
5. RFP response should include services of a project manager to oversee and coordinate work with stadium staff, Populous event managers, NCAA officials and temporary seating contractor.

#### 1.02 Work Timeline

1. Load-in / Setup: week of March 25<sup>th</sup> (dependent on coordination with temporary seating vendor)
2. System Test and Setup: all systems ready for testing April 1, 2019
3. The Events: April 4, 5, 6 and 8<sup>th</sup>, 2019.
4. Load Out: April 10, 2019

Part 2 – Equipment

As mentioned in part 1 above, U.S. Bank Stadium is a Cisco network environment, with Cisco 3850 switches (and 7K cores), 3700-series access points, Cisco Vision IPTV and Cisco IP telephones. All equipment provided in this RFP response should interoperate with this environment. Our mobile carts and WiFi tripods can be used for this event, but we do not have enough port and access point capacity to support all of the requirements in the primary temporary locations in use for Final Four weekend. Any specific questions about the technology infrastructure at U.S. Bank Stadium should be directed to David Kingsbury, Director of IT at [dkingsbury@usbankstadium.com](mailto:dkingsbury@usbankstadium.com) or Armon Fararri, IT Manager at [afararri@usbankstadium.com](mailto:afararri@usbankstadium.com).

This Agreement and its executed counterparts may be transmitted electronically and, as received, be treated an original. If any provision or a portion of any provision of this Agreement is held to be unenforceable or invalid by a court of competent jurisdiction, the validity and enforceability of the enforceable portion of any such provision and/or remaining provisions shall not be affected thereby. Except as set forth below, this Agreement shall not give any person or entity, other than the parties hereto and their successors and permitted assigns, any legal or equitable right, remedy or claim under or in respect of this Agreement.
