

**2023 Eaton Battery Replacement Project
REQUEST FOR PROPOSALS (RFP)
ADDENDUM NO. TWO
February 21, 2023**

This addendum forms a part of the documents and modifies the Request for Proposal dated February 2, 2023. This addendum **revises** the quantity of batteries needed for the project. The Proposer is responsible for determination of proposal requirements affected by Addendum items.

EXHIBIT A – Project Scope Documents

Batteries need to be replaced in the four Eaton 93PM UPS units in U.S. Bank Stadium. The project includes the procurement of Value Regulated Lead Acid (VRLA) 5x8 sealed batteries, removal of the old batteries, and installation of the new VRLA sealed batteries.

Quantity	Model/Battery Type
144	VRLA 5x8 Sealed
144	VRLA 5x8 Sealed
216	VRLA 5x8 Sealed
216	VRLA 5x8 Sealed
