U.S. Bank Stadium
Request for Proposals – Laundry Equipment

I. GENERAL INFORMATION

The Minnesota Sports Facilities Authority is a corporate and political body and political subdivision of the state (the “**Authority**”). SMG, the management company hired by the Authority, and acting on behalf of the Authority is issuing this Request for Proposal (“**RFP**”) related to U.S. Bank Stadium (the “**Stadium**”) located in Minneapolis, Minnesota and the surrounding areas as defined herein.

In 2012, the State of Minnesota enacted the Act to establish the Authority and to provide for, among other things, the financing, construction, and long-term use of the Stadium and related Stadium Infrastructure as a venue for professional football and a broad range of other civic, community, athletic, educational, cultural and commercial activities. The Stadium is currently under construction and slated for completion in July 2016.

II. STADIUM DESCRIPTION

The Stadium is located on a site partially including the site of the Existing Stadium and additional adjacent land to the Existing Stadium. The Stadium Site Plan is attached hereto as **Appendix A**.

The Stadium will have seating capacity of approximately 65,000 seats (expandable to 72,000 to host the Super Bowl) for use during all NFL home games played by the Minnesota Vikings Football Team (the “**Team**”), and for other special events such as the Super Bowl, NCAA basketball, amateur baseball, Major League Soccer, concerts, civic, community and not-for-profit events, and other events to be determined. The Stadium will be a fixed-roof structure with artificial grass and a view of the Minneapolis skyline. The Stadium is designed to meet the standards required for a National Football League franchise, as well as other programmatic uses consistent with other multi-purpose facilities. Construction of the Stadium and Stadium Infrastructure began in the 4th quarter of 2013 with substantial completion of the Stadium and Stadium Infrastructure anticipated to be achieved on or about July 15, 2016.

As a part of a larger multi-use development of the surrounding area, an Urban Park will be developed that is adjacent to the Stadium Site that will be comprised of approximately one (1) and two-thirds (1 and 2/3) blocks that can be used by the Authority and the Team for activities associated with the Stadium or for other events based on certain agreed upon conditions. The use of the Urban Park by the Authority and the Team is subject to the Urban Park Use Agreement. The Stadium is planned as a LEED (Leadership in Energy and Environmental Design) Building as certified by the U.S. Green Building Council.

Confidential and Proprietary Material. Use, Disclosure or Distribution of this Material is not Permitted to any Unauthorized Persons or Third-Parties Except by Written Agreement of the Authority and the Team.
