The Trade Contract Documents are complementary, and what is required by any one shall be binding as if required by all. Work not covered in the Trade Contract Documents, but reasonably inferable from the Trade Contract Documents, will be included as part of the Trade Contractor Work. The Trade Contractor covenants with the Authority to furnish the Trade Contractor's best skill and judgment and to cooperate with the Project Participants in furthering the interests of the Authority and to perform the Trade Contractor Work in an expeditious manner. The Trade Contractor represents that the Trade Contractor has visited the Project Site, become familiar with the local and specific conditions under which the Trade Contractor Work is to be performed and correlated personal observations with requirements of the Trade Contract Documents and Agreement. Prior to execution of its Trade Contractor Work, the Trade Contractor and each Subcontractor shall evaluate and satisfy themselves as to the conditions and limitations under which the Trade Contractor Work is to be performed, including (a) the location and layout of the Project Site, (b) prevailing climatic conditions, (c) anticipated labor supply and costs, (d) market conditions that will impact the Trade Contract Amount, (e) the requirement that the Trade Contractor has completed a thorough and comprehensive review of the Trade Contract Documents and understands and recognizes the complete scope of the Trade Contractor Work required by the Trade Contract Agreement, (f) existing conditions that will impact the Trade Contractor Work, and (g) availability and cost of materials, tools, and equipment. The Authority shall not be required to make any adjustment in the amount due, if any, under the Trade Contract Agreement to the Trade Contractor or the time required for Trade Contractor's performance of the Trade Contractor Work under the Trade Contract Agreement. In the event of inconsistencies within or between parts of the Trade Contract Documents, or between the Trade Contract Documents and Applicable Laws and specified NFL Rules and Regulations, the Trade Contractor shall (x) provide the better quality or greater quantity of the Trade Contractor Work or (y) comply with the more stringent requirement, either or both in accordance with the Authority's reasonable interpretation.

Before ordering any materials or doing any Trade Contractor Work, the Trade Contractor shall verify all existing conditions and measurements at the Project Site and shall be responsible for the correctness of such measurements. Any difference that may be found shall be submitted to the Authority for interpretation before proceeding with the Trade Contractor Work. Any errors due to the Trade Contractor's failure to so verify all such dimensions or locations shall be

promptly rectified by the Trade Contractor without any additional cost to the Authority.

2. Trade Contractor Work

2.5 Discipline. The Trade Contractor shall enforce strict discipline and good order among the Trade Contractor's employees and other Persons carrying out the Trade Contractor Work. The Trade Contractor shall not permit employment of unfit Persons not skilled in tasks assigned to them.

2.6 Labor Harmony. The Trade Contractor shall only employ labor in connection with the Trade Contractor Work capable of working harmoniously with all trades, crafts, and any other Persons associated with the Project. The Trade Contractor shall also use its best efforts to minimize the likelihood of any strike, work stoppage, or other labor disturbance.

2.6.1 In case the progress of the Trade Contractor Work is affected by any undue delay in furnishing or installing any items or materials or equipment required under the Trade Contract Documents because of a conflict involving any labor agreement or regulation, the Authority may require that other material or equipment of equal kind and quality be provided pursuant to a Contract Revision, Change Order, or Construction Change Directive to maintain the Trade Contractor's Construction Schedule at no additional cost to the Authority.

2.7 [RESERVED].

2.8 Substitutions and Alternates. If, after execution of the Agreement and prior to submittal of applicable Shop Drawings to the Architect and Authority, the Trade Contractor desires to submit an Alternate product in lieu of what has been specified or shown in the Trade Contract Documents, the Trade Contractor may proceed only after receiving written approval from the Authority. All prototypes that have been approved must be installed in their required locations by Trade Contractor, unless an Alternate product has been approved in writing by the Authority.

2.9 Permits. The Trade Contractor shall secure, pay for, and, as soon as practicable, furnish the Authority with copies or certificates of all permits and fees, licenses and inspections necessary for the proper execution and completion of the Trade Contractor Work. The Trade Contractor shall procure all certificates of inspection, occupancy, permits, and licenses, pay all customary charges and fees, and give all notices necessary and incidental to the lawful prosecution of the Trade Contractor Work. The Trade Contractor shall deliver certificates of inspection, use, and occupancy to the Authority upon completion of the Trade Contractor Work in sufficient time for occupancy or use of the Trade Contractor Work in accordance with the Construction Schedule. The costs of such procurement, payment, and delivery are included within the Trade Contract Amount in the Agreement.

2.9.1 If the Trade Contractor performs any Trade Contractor Work knowing it to be contrary to Applicable Laws without such notice to the Authority and Architect, the Trade Contractor shall assume full responsibility for such Trade Contractor Work and shall bear any and all costs attributable to correct it and all damages resulting therefrom.

2.10 [RESERVED]

2.11 Trade Contractor's Construction Schedule. The Trade Contractor shall prepare in consultation with the Authority, Team, Construction Manager and Architect, and submit for the Authority's and Construction Manager's review and approval, a Construction Schedule. The Construction Schedule shall not exceed time limits current under the Trade Contract Documents, shall be updated and revised at appropriate intervals as required by the conditions of the Trade Contractor Work and Project, shall be related to the entire Project to the extent required by the Trade Contract Documents, shall provide for expeditious and practicable execution of the Trade Contractor Work, and the Critical Path and Construction Milestone Dates shall not be modified or extended without the prior written approval of the Authority or as provided in the Trade Contract Documents in each instance. The Trade Contractor acknowledges and agrees it must coordinate its Trade Contractor Work and that in no event shall the Authority be responsible for any costs incurred by Trade Contractor due to its responsibility to coordinate its Trade Contractor Work and not interfere with other Trade Contractors and vendors. In the event the Authority determines that the performance of the Trade Contractor Work has not progressed or reached the level of completion required by **Exhibit 6** of this Trade Contract Agreement or the Construction Schedule, the Authority shall have the right, but not the obligation, to order the Trade Contractor to take corrective measures necessary to expedite the progress of construction, including (a) working additional shifts or overtime, (b) supplying additional manpower, equipment, and facilities, and (c) other similar measures (hereinafter referred to collectively as "**Extraordinary Measures**"). Such Extraordinary Measures shall continue until the progress of the Trade Contractor Work complies in the Authority's reasonable judgment with the stage of completion required by the approved Construction Schedule. The Authority's right to require Extraordinary Measures is solely for the purpose of ensuring the Trade Contractor's compliance with the Construction Schedule or as required by this **Paragraph 2.11**. To the extent that the need for Extraordinary Measures is the responsibility or fault of the Trade Contractor, the Trade Contractor shall not be entitled to an adjustment in the Trade Contract Amount or Contract Time in connection with Extraordinary Measures pursuant to this **Paragraph 2.11**. Float in the Construction Schedule shall be utilized for the benefit of the Project.

2.12 Shop Drawings, Product Notes and Samples. The Trade Contractor shall perform no portion of the Trade Contractor Work until the associated Shop Drawings, Product Data, Samples, or similar Submittals related to that Trade Contractor Work has been reviewed and approved by the Authority (or if designated by the Authority, by its designee). Such Trade Contractor Work shall be in accordance with approved Submittals.

2.12.1 The Trade Contractor shall not be relieved of responsibility for deviations from requirements of the Trade Contract Agreement by the Authority's (or if designated by the Authority, its designee's) approval of Shop Drawings, Product Data, Samples, or similar Submittals, unless the Trade Contractor has specifically informed the Authority (or if designated by the Authority, its designee) in writing of the existence and nature of such deviation at the time of submittal and the Authority

(or if designated by the Authority, its designee) has given written approval to the specific deviation. The Trade Contractor shall not be relieved of responsibility for errors or omissions in Shop Drawings, Project Data, Samples, or similar Submittals by the Authority's (or if designated by the Authority, its designee's) approval thereof.

2.12.2 The Trade Contractor represents and warrants that all Shop Drawings shall be prepared by Persons and entities possessing expertise and experience in the trade for which the Shop Drawing is prepared and, if required by the Trade Contract Documents or Applicable Laws, by a licensed design professional.

2.13 Cutting and Patching. The Trade Contractor shall be responsible for cutting, fitting, or patching required to complete the Trade Contractor Work or to make the Trade Contractor Work fit together properly. The Trade Contractor shall be responsible for cutting, patching, repairing, and cleaning of any and all Project walls, floors and ceilings that it may damage during construction.

2.13.1 The Trade Contractor shall not damage or endanger a portion of the Trade Contractor Work, the fully or partially completed work of a separate Trade Contractor, Vendor, or any other Project Participant by cutting, patching, or otherwise altering such construction, or by excavation, except with written consent of the Authority and the Construction Manager, the other Trade Contractor or Vendor; such consent shall not be unreasonably withheld. The Trade Contractor shall not unreasonably withhold from the Authority, Construction Manager, Trade Contractor, or Vendor the Trade Contractor's consent to cutting or otherwise altering the Trade Contractor Work.

2.13.2 Altering or cutting of structural members will not be allowed without written approval by the Architect or Construction Manager. The Trade Contractor shall in all cases exercise extreme care in cutting operations and perform such operations under adequate supervision by competent mechanics skilled in the applicable trade. Openings shall be neatly cut and shall be kept as small as possible to avoid unnecessary damage. Careless, avoidable cutting or damage is not permitted and the Trade Contractor will be held responsible for such avoidable damage.

2.14 Cleaning Up. The Trade Contractor shall keep the premises of the Trade Contractor Work and all surrounding areas to the Project Site free from (a) accumulation of waste materials, debris, or rubbish; (b) the Trade Contractor's tools, construction equipment, machinery; and (c) surplus materials, and any excess mud, gravel, or earth caused by operations under the Trade Contract Agreement. At completion of the Trade Contractor Work, the Trade Contractor shall remove from and about the Project all waste materials, debris, rubbish, the Trade Contractor's tools, construction equipment, machinery, surplus materials, and any excess mud, gravel, or earth from and around the Project and the surrounding rights-of-way. If the Trade Contractor fails to cleanup as required, the Authority may, but shall not be

obligated to, perform the Trade Contractor's cleanup and charge the cost thereof to Trade Contractor.

2.15 Access to Trade Contractor Work. The Trade Contractor shall provide the Authority, Team, their respective agents and representatives, and Architect access to the Trade Contractor Work in preparation and progress wherever located.

2.16 Means and Methods. In no event shall the Authority or Indemnitees have any responsibility or liability for design or construction means, methods, techniques, sequences, or procedures, or for safety precautions and programs in connection with the Trade Contractor Work, notwithstanding any of the rights and authority granted the Authority and Indemnitees in the Trade Contract Agreement.

3. Design Services.

3.1 Performance and Coordination. The Design Services provided by the Trade Contractor, or through a design professional Consultant that Trade Contractor retains to fulfill its obligations under the Trade Contract Agreement, shall be performed in strict accordance with all provisions of the Act. Trade Contractor shall coordinate and integrate the Design Services with the Architect, Construction Manager and other Trade Contractors and Vendors to allow the Construction Manager, Vendors, and Trade Contractors to complete their work.

3.2 Standard of Care. The Design Services provided by Trade Contractor for the design and construction of its Trade Contractor Work shall be provided pursuant to the Standard of Care applicable to similarly situated design professionals performing similar professional design services.

4. Contract Time

4.1 Time. The Trade Contractor shall perform the Trade Contractor Work expeditiously, efficiently, and safely in accordance with the Construction Schedule. The Trade Contractor shall commence its Trade Contractor Work promptly. Trade Contractor shall achieve Substantial Completion of the Trade Contractor Work within the time frames specifically described in **Exhibit 6**. The Trade Contractor shall be considered to have achieved Final Completion only after the Trade Contractor completes all of the Trade Contractor Work and the Trade Contractor Work is accepted by the Authority.

4.2 "Substantial Completion" or "Substantially Complete" shall mean the date or dates listed in **Exhibit 6** and that the Trade Contractor Work (or separable units or phases as may be agreed to by the Authority) is essentially and satisfactorily complete in accordance with the Trade Contract Documents, such that the Trade Contractor Work is fully commissioned, fully operational, received all required certifications and approvals pursuant to Applicable Law, and will permit beneficial use by the Authority. A minor amount of Trade Contractor Work, as determined by and at the discretion of Authority, such as installation of minor accessories or items, a minor amount of

painting, minor replacement of defective work, minor adjustment of controls or systems, or completion or correction of minor exterior work that cannot be completed due to weather conditions, will not delay determination of Substantial Completion. For purposes of Substantial Completion, specified areas of the entire Trade Contractor Work as may be chosen by the Authority may be individually judged as Substantially Complete. In no event shall Substantial Completion be deemed to have occurred until any certificates or licenses required from Suppliers for use of the Trade Contractor Work have been delivered to the Authority.

4.3 Punchlist. When the Trade Contractor considers that the Trade Contractor Work, or a portion thereof which the Authority agrees to accept separately, is Substantially Complete, the Trade Contractor shall prepare and submit to the Authority a comprehensive Punchlist of items to be completed or corrected. The Trade Contractor shall proceed promptly to complete and correct items on the Punchlist. Failure to include an item on the Punchlist does not alter the responsibility of the Trade Contractor to complete all Trade Contractor Work in accordance with the Trade Contract Documents. The Authority reserves the right to add to the Punchlist within thirty (30) Days after receipt of an acceptable Punchlist from the Trade Contractor. Upon receipt of the Trade Contractor's Punchlist, the Authority will make an inspection to determine whether the Trade Contractor Work or designated portion thereof is Substantially Complete. If the inspection discloses any item, whether or not included on the Trade Contractor's Punchlist, which is not in accordance with the requirements of the Trade Contract Documents, the Trade Contractor shall, before issuance of the Certificate of Substantial Completion, complete or correct such item upon notification by the Authority. The Trade Contractor shall then submit a request for another inspection by the Authority to determine Substantial Completion. When the Trade Contractor Work or designated portion thereof is Substantially Complete, the Authority will prepare a Certificate of Substantial Completion for execution by the parties.

4.4 Final Completion. Within sixty (60) Days after Substantial Completion, the Trade Contractor shall achieve Final Completion of all Trade Contractor Work. The date of Final Completion shall establish the start of responsibility under the Agreement for security, maintenance, heat, utilities, damage to the Trade Contractor Work, and insurance. Warranties required by the Trade Contract Documents shall commence on the date of Final Completion of the Trade Contractor Work or designated portion thereof. The Certificate of Final Completion shall be submitted to the Authority and the Trade Contractor for their written acceptance of responsibilities assigned to them in such Certificate. Final Completion of the Trade Contractor Work shall not occur until the Trade Contractor submits to the Authority (a) an affidavit that payrolls, bills for materials and equipment, and other indebtedness connected with the Trade Contractor Work for which the Authority or the Authority's property might be responsible or encumbered have been paid or otherwise satisfied, (b) a certificate evidencing that insurance required by the Trade Contract Documents to remain in force after Final Completion is currently in effect and that Trade Contractor will give the Authority and Team not be canceled or allowed to expire until at least thirty (30)

Days' prior written notice to the Authority and Team before they are allowed to expire or be cancelled except in the event of non-payment of premium, in which case seven (7) Days' prior notice will be provided, (c) a written statement that the Trade Contractor knows of no substantial reason that the insurance will not be renewable to cover the period required by the Trade Contract Documents or the Agreement, (d) consent of surety, if any, to final completion, and (e) if required by the Authority, other data establishing payment or satisfaction of obligations, such as receipts, releases and waivers of liens, Claims, security interests or encumbrances arising out of the Trade Contract Documents, to the extent and in such forms as may be designated by the Authority. If a Lien or Claim for payment relating to the Trade Contractor Work remains unsatisfied after Final Completion, the Trade Contractor shall pay to the Authority all money that the Authority may be compelled to pay in discharging such Lien or Claim, including all costs and reasonable attorneys' fees.

4.5 Force Majeure. If the Trade Contractor is delayed in the progress of the Trade Contractor Work by events of Force Majeure, fire or other property damage not caused by the Trade Contractor or a Subcontractor, Supplier, Sub-subcontractor of any tier, or other Person for whom Trade Contractor is legally responsible, unusually severe weather conditions not customarily encountered in the area surrounding the Project which affect the scheduled Critical Path of the Trade Contractor Work, or any other cause for which the Trade Contractor is not responsible, then the Contract Time, provided for in **Paragraph 4.1** above, shall be extended by a Contract Revision for a reasonable period of time as agreed to by the Authority. No adjustments to the Contract Time are acceptable without the prior written approval of the Authority as a Contract Revision.

4.6 Contract Time Extensions. Notwithstanding anything to the contrary in this Trade Contract Agreement, the Trade Contractor agrees that, regardless of the cause of delay and whether or not any extension of Contract Time may be granted therefore, Trade Contractor shall continue to prosecute all Trade Contractor Work not directly affected by said cause of delay and, with respect to such portion or portions of the Trade Contractor Work as may be so affected, shall take all reasonable measures to minimize the effect of said cause of delay. It is a condition precedent to the consideration or prosecution of any Claim for an extension of Contract Time that the foregoing provisions be strictly adhered to in each instance and, if the Trade Contractor fails to comply, Trade Contractor shall be deemed to have waived the Claim to the extent that proper mitigation would have shortened the period of delay. The Trade Contractor further acknowledges and agrees that adjustments in the Contract Time will be permitted for a delay only to the extent such delay (a) is not caused, or could not have been reasonably avoided, by the Trade Contractor, or (b) could not be reasonably limited or avoided by the Trade Contractor's timely notice to the Authority of the delay or reasonable likelihood that a delay will occur.

4.7 Progress Report. If the Trade Contractor submits a progress report indicating, or otherwise expresses an intention to achieve, completion of the Trade Contractor Work prior to any completion date required by the Trade Contract Documents or expiration of the Contract Time, no liability of the Authority to the Trade Contractor for any failure or inability of the Trade Contractor to so complete the Trade Contractor Work shall be created or implied.

4.8 Partial Use. The Authority shall have the right to use, without prejudice to rights of either Party, any completed or Substantially Completed portions of the Trade Contractor Work, notwithstanding the fact that time for completion of entire Trade Contractor Work, or portions thereof, may not be expired. Use by Authority shall not constitute, in itself, acceptance of the Trade Contractor Work.

4.9 to 4.16 [RESERVED]

4.17 Royalties and Patents. The Trade Contractor shall pay all royalties and license fees. The Trade Contractor shall defend suits or claims for infringement of patent rights and shall hold the Authority and all Indemnitees harmless from loss on account thereof.

4.18 Indemnification by Trade Contractor.

4.18.1 To the fullest extent permitted by Applicable Laws, Trade Contractor hereby agrees to indemnify, hold harmless, and defend the Authority and Indemnitees from and against any and all claims, damages, liabilities, losses and expenses (specifically including reasonable attorneys' fees and costs, court fees and costs, and arbitration fees and costs incurred to defend the Authority and Trade Contractor's liability shall not be limited by the amount or limit of insurance Trade Contractor procures to insure its obligations to the Authority or Indemnitees), provided that such claims, damages, losses or expenses arise out of bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Trade Contractor Work itself), but only to the extent arising out of, resulting from, or incurred in connection with the performance of the Trade Contractor Work and to the extent in whole or in part caused or alleged to have been caused by the negligent or grossly negligent acts or omissions, of the Trade Contractor, Trade Contractor's employees, Subcontractors, Sub-Subcontractors, Suppliers or any Person for whom the Trade Contractor is legally responsible in the performance of the Trade Contractor Work under this Trade Contract Agreement, whether arising before or after completion of the Trade Contractor Work and arising out of, resulting from, or occurring in connection with the performance of the Trade Contractor Work or any activity associated with the Trade Contractor Work, from any activity of the Trade Contractor, Trade Contractor's employees, its Subcontractors, Sub-Subcontractors, Suppliers, their agents, or employees at the Project Site or elsewhere, and whether in part caused by the active or passive negligence or other fault of a

Party or Person indemnified hereunder, excepting only personal injury to Persons or damage to property found to have been caused by the sole negligence of a Party or Person indemnified hereunder. Such obligations shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity that would otherwise exist as to a Party or Person described in this **Subparagraph 4.18.1.**

4.18.2 Trade Contractor acknowledges and agrees that it has an independent obligation under this Trade Contract Agreement to procure and maintain contractual liability coverage insurance as will insure Trade Contractor's obligations in this **Paragraph 4.18**, and further acknowledges that such insurance is commercially available. Trade Contractor's liability shall not be limited by the amount or limit of insurance Trade Contractor procures to insure its obligations herein. Trade Contractor agrees and acknowledges that such contractual liability coverage is for the benefit of the Authority and Indemnitees, but does not require Trade Contractor to provide such insurance directly to the Authority and Indemnitees.

4.18.3 In addition to its duties under **Paragraph 4.18** herein, the Trade Contractor shall defend, indemnify, and hold harmless the Authority and the Indemnitees from and against any and all alleged claims, damages, liabilities, losses and expenses (specifically including reasonable attorneys' fees and costs, court fees and costs, and arbitration fees and costs incurred to defend the Authority and Indemnitees) caused by Trade Contractor's breach of this Trade Contract Agreement to the extent finally determined. For the purpose of this **Subparagraph 4.18.3**, the Authority's or an Indemnitee's tender shall not be deemed to require proof of the Trade Contractor's breach of contract at the time of tender.

4.18.4 In the case of claims against any Party or Person indemnified under this **Paragraph 4.18** by an employee of the Trade Contractor, a Subcontractor, anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the indemnification obligation under this **Paragraph 4.18** shall not be limited by a limitation on amount or type of damages, compensation, or benefits payable by or for the Trade Contractor or a Subcontractor under workers' compensation acts, disability benefit acts, or other employee benefit acts.

4.18.5 The Trade Contractor shall indemnify the Authority, Indemnitees, and the respective directors, officers, agents, and employees of any of them from and against any and all costs and expenses, specifically including reasonable attorneys' fees and costs, court fees and costs, and arbitration fees and costs, incurred by any of the foregoing Parties or Persons to enforce any of the Trade Contractor's defense, indemnity, and hold-harmless obligations under this Trade Contract Agreement.

4.18.6 The Trade Contractor's obligation to defend as set forth in **Subparagraphs 4.18.1** and **4.18.3** includes the obligation to provide and pay for attorneys to defend the Party or Persons entitled to indemnification under **Subparagraphs 4.18.1** and **4.18.3**, which attorneys shall be subject to the approval of such Party and Persons; and if such Party or Persons do not approve the attorneys provided by the Trade Contractor, the Trade Contractor shall promptly pay the attorneys' fees incurred by the Party or Persons entitled to indemnification

5. Trade Contract Amount

5.1 The Trade Contract Amount shall be as set forth on **Exhibit 2**.

6. Record Retention, Audit and Claims

6.1 The Trade Contractor shall keep full and detailed accounts and exercise such controls as may be necessary for proper financial management under this Trade Contract Agreement and as directed and approved by the Authority and Team. Trade Contractor shall afford the Authority reasonable access to appropriate personnel for interviews and the necessary and relevant records, books, cost reports, labor rates, labor schedules, correspondence, instructions, drawings, receipts, Subcontracts, purchase orders, vouchers, memoranda, and other electronic and hard copy data to the extent relating to the Trade Contractor's right to payment under and the Trade Contractor's compliance with the terms and conditions of this Trade Contract Agreement, and the Trade Contractor shall preserve this information for a period of seven (7) years after final payment, or for such longer period as may be required by Applicable Laws. The Trade Contractor shall account for and keep track of the Cost of the Trade Contractor Work, including all materials, equipment and labor utilized in the performance of the Trade Contractor Work, and shall keep such full and detailed accounts as may be necessary for proper financial management under this Trade Contract Agreement. Subcontractors retained by the Trade Contractor on a "cost-plus" basis shall have the same obligations to retain records and cooperate with audits as are required of the Trade Contractor under this **Paragraph 6.1**. In addition to all other rights under the Trade Contract Documents, the Authority and Team representatives shall have the right to conduct full and complete audits of the Trade Contractor with respect to the Trade Contractor Work and also to the extent relating to the Trade Contractor's right to payment under and the Trade Contractor's compliance with the terms and conditions of this Trade Contract Agreement. The Trade Contractor shall provide the Authority and Team copies of all documents and records associated with the Work that the Authority or Team deem necessary. The Trade Contractor shall provide all Subcontracts, material purchase orders, and insurance certificates to the requesting party in an executed format for all Subcontractors and Suppliers prior to any such Person commencing work on the Project.

6.2 Claims and Disputes

6.2.1 Definition. A “Claim” is a demand or assertion by a Person seeking as a matter of right, adjustment or interpretation of terms of an agreement, payment of money, extension of time, or other relief with respect to the terms of the Trade Contract Documents. The term “Claim” also includes, without limitation, other disputes and matters in question between the Authority and the Trade Contractor, between the Architect and the Construction Manager, between the Authority and the Architect or between the Authority and the Construction Manager arising out of or relating to the applicable Contract Documents or Trade Contract Documents. Claims must be made by written notice provided by the claimant to the Party against whom the Claim is being made, with a copy to the Authority. The responsibility to substantiate Claims shall rest with the party making the Claim.

6.2.2 Referral to Authority. Claims, including those alleging an error or omission by the Trade Contractor will be referred initially to the Authority for action as provided in **Paragraph 6.3**. The recommendation by the Authority, if any, in response to a Claim shall not be a condition precedent to arbitration or litigation.

6.2.3 Time Limits on Claims. Except as provided in **Subparagraph 6.2.6** below, and except for Claims asserted by the Authority, Claims by any Person that are discovered during the performance of the Trade Contractor Work must be made within twenty-one (21) Days after occurrence of the event giving rise to such Claim or within twenty-one (21) Days after the claimant first recognizes the condition giving rise to the Claim, whichever is later, or said Claim shall be deemed waived. In addition to the foregoing, as soon as the claimant recognizes the conditions giving rise to the Claim, claimant shall provide notice of such conditions to the Authority, and shall use its best efforts to cooperate with the Authority and the Party against whom the Claim is made in any effort to mitigate the alleged or potential damages, delay, or other adverse consequences arising out of the condition which is the cause of such a Claim. Any additional Claim related to the initial Claim that is made after the initial Claim has been adjusted and dealt with by Contract Revision will not be considered. Claims may also be reserved in writing within the time limits set forth in this **Subparagraph 6.2.3**. If a Claim is reserved, the Resolution of Claims and Disputes procedures described in **Paragraph 6.3** and **Paragraph 6.4** hereof shall not commence until a written notice from the claimant is received by the Authority. Any notice of Claim or reservation of Claim must clearly identify the alleged cause and the nature of the Claim and include data and information then available to the claimant that will facilitate prompt verification and evaluation of the Claim, and it shall be assumed that the Authority has been prejudiced if it does not receive said information.

6.2.4 Continuing Contract Performance. Pending final resolution of a Claim, unless otherwise agreed in writing, the Trade Contractor shall proceed diligently with performance of its Trade Contractor Work, and the Authority shall continue to make payments in accordance with the Trade Contract Documents. In the event the Trade Contractor fails to diligently proceed with its Trade Contractor Work during a period of dispute resolution, the Authority may procure necessary replacement services or work and back-charge all associated costs to the non-performing party.

6.2.5 Injury or Damage to Person or Property. If during the performance of the Trade Contractor Work any member of the Project Team suffers injury or damage to person or property because of an act or omission of any other member of the Project Team, such other party's employees or agents, or others for whose acts such member of the Project Team is legally liable, written notice of such injury or damage, whether or not insured, shall be given to the other member of the Project Team within a reasonable time not exceeding twenty-one (21) Days after first observance of the injury or damage. The notice shall provide sufficient detail to enable the other members of the Project Team to investigate the matter.

6.2.6 Claims for Concealed or Differing Site Conditions. Notwithstanding anything to the contrary in the Trade Contract Documents, the Trade Contractor acknowledges and agrees that it has thoroughly investigated the existing design and construction of the Project and the future anticipated construction of the Project, and hereby waives any Claims for conditions encountered at the Project Site which are (a) subsurface or otherwise concealed physical conditions which differ materially from those indicated in the Trade Contract Documents, the design of the Project prepared by the Architect, or existing construction and (b) unknown physical conditions of an unusual nature, which differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Trade Contract Documents or the design of the Project prepared by the Architect. The Trade Contractor acknowledges and agrees that this exclusion of Claims for differing site conditions has been specifically negotiated and that the Trade Contract Amount in **Exhibit 2** contains an adequate and fair contingency to address this specific risk among others.

6.2.7 Claims for Cost. If the Trade Contractor wishes to make a Claim for an increase in the Trade Contract Amount, written notice to the Authority as strictly set forth under this **Paragraph 6.2** is required and shall be given before the Trade Contractor proceeds to execute the Trade Contractor Work or the Trade Contractor's Claim shall be deemed waived. Any Trade Contractor Work completed by the Trade Contractor without the proper notice to and approval by the Authority will not be considered or approved as a change to the Trade Contract Amount. Prior notice is not required for Claims relating to an emergency endangering life or property pursuant to **Paragraph 13.4**

below. If the Trade Contractor believes additional cost above the Trade Contract Amount are involved for reasons including but not limited to (a) written interpretation from the Authority, (b) an order by the Authority to stop the Trade Contractor Work where the Trade Contractor was not at fault, (c) a written order for a minor change in the Trade Contractor Work issued by the Architect, (d) other reasonable grounds, the Claim shall be filed in accordance with the procedure established herein.

6.2.8 Claims for Additional Time. If the Trade Contractor wishes to make a Claim for an increase in the Contract Time, written notice shall be given within the time period specified in **Subparagraph 6.2.3** or said Claim shall be deemed waived. The Trade Contractor's Claim shall include an estimate of cost and of probable effect of delay on progress of the Trade Contractor Work and the Construction Schedule. In the case of a continuing delay only one Claim is necessary. If adverse weather conditions are the basis for a Claim for additional time, such Claim shall be documented by data substantiating that weather conditions were abnormal for the period of time and could not have been reasonably anticipated, and that weather conditions had an adverse effect on the Construction Schedule.

6.2.9 Claims for Consequential Damages. Except as provided in **Exhibit 6**, the Trade Contractor and the Authority waive Claims against each other for consequential damages arising out of or relating to the Trade Contractor Work. This mutual waiver includes:

.1 damages incurred by the Authority for rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or of the services of such Persons; and

.2 damages incurred by the Trade Contractor for labor, material, or principal office costs or expenses including the compensation of personnel stationed there, for losses of financing, business and reputation, and for loss of profit except anticipated profit arising directly from the Trade Contractor Work.

This mutual waiver is applicable, without limitation, to all consequential damages due to either party's termination in accordance with **Article 16** below. Nothing contained in this **Subparagraph 6.2.9** shall be deemed to preclude an award of liquidated damages, when applicable, in accordance with the requirements of **Exhibit 6**. In addition, this **Subparagraph 6.2.9** does not apply to or preclude the Authority's right to recover consequential damages to the extent provided below. Notwithstanding anything to the contrary, the Authority does not waive and specifically reserves all rights and claims to recover any and direct damages, indirect damages, incidental damages, consequential, damages incurred by the Authority and

Indemnitees, including rental expenses, for losses of use, income, profit, financing, business and reputation, and for loss of management or employee productivity or the services of such Persons, and any other type or form of damages (“**Reserved Damages**”) against the Trade Contractor to the extent that such claims for Reserved Damages are due to the need to repair the Trade Contractor’s improper or defective Trade Contractor Work after Substantial Completion or are covered by any insurance available under the OCIP program or under the Trade Contractor’s insurance program.

6.3 Review of Claims and Disputes

6.3.1 The Authority, will review all Claims once submitted by the Trade Contractor and take one or more of the following preliminary actions within ten (10) Days of receipt of a Claim: (a) request additional supporting data from the claimant, (b) submit a schedule to the parties indicating when the Authority expects to take action, (c) reject the Claim in whole or in part, stating reasons for rejection, (d) recommend approval of the Claim, (e) suggest a compromise, or (f) not take any of the above actions, in which case the Claim shall be deemed denied. The Authority may also, but is not obligated to, notify the Trade Contractor’s surety, if any, of the nature and amount of the Claim.

6.3.2 If a Claim submitted to the Authority has been resolved, the Authority will prepare or obtain appropriate documentation to memorialize and process the resolution.

6.3.3 If a Claim submitted to the Authority has not been resolved after consideration of the foregoing and of further evidence presented by the parties or requested by the Authority, the Authority will, in a timely fashion, notify the parties in writing that the Authority’s recommendation will be made within seven (7) Days. Upon expiration of such time period, the Authority will render to the parties its final recommendation relative to the Claim including any change in the Trade Contract Amount or Contract Time or both. The parties may then (a) agree to resolve the Claim or (b) proceed pursuant to **Paragraph 6.4** hereof. If the Authority’s recommendation is not submitted within thirty (30) Days of the Authority’s receipt of the Claim, the Claim shall be deemed denied.

6.4 Dispute Resolution

6.4.1 Mediation. Claims, disputes, or other matters in controversy arising out of or related to the Trade Contractor Work shall be subject to mediation as a condition precedent to binding dispute resolution. The Parties shall submit a written demand for mediation to the Authority, which shall describe in detail the facts and circumstances of the dispute. The Authority shall designate a neutral third-party to serve as mediator. The mediator shall hear the matter in Minneapolis, Minnesota, and provide an informal opinion and

advice, none of which shall be binding on the Parties involved in the dispute. The opinion shall be submitted to the parties in dispute within twenty (20) Days of the mediator hearing the dispute. The Parties in dispute will then agree within ten (10) Days to resolve the dispute pursuant to the mediator's advice or submit the matter to arbitration pursuant to **Subparagraph 6.4.2**. The mediator's costs shall be shared equally by the Parties in the dispute. The request to mediate may be made concurrently with the filing of binding dispute resolution proceedings but, in such event, mediation shall proceed in advance of binding dispute resolution proceedings, which shall be stayed pending mediation for a period of sixty (60) Days from the date of filing, unless stayed for a longer period by agreement of the Parties or court Order. If an arbitration is stayed pursuant to this **Subparagraph 6.4.1**, the Parties may nonetheless proceed to the selection of the arbitrator(s) and agree upon a schedule for later proceedings.

6.4.2 Claims Subject to Arbitration. Any Claim subject to, but not resolved by, mediation shall be subject to arbitration, which shall be administered by the American Arbitration Association in accordance with its Construction Industry Arbitration Rules ("**AAA Rules**") in effect as of the Effective Date of this Trade Contract Agreement. The Party filing a notice of demand for arbitration must assert in the demand all Claims then known to that Party on which arbitration is permitted to be demanded. All proceedings set forth under this **Paragraph 6.4** shall be conducted in Minneapolis, Minnesota.

6.4.3 Notice for Arbitration. Notice of Demand for Arbitration shall be filed, in writing, with the other Party to the applicable agreement, with any Party to be joined pursuant to **Subparagraph 6.4.6** hereof, and with the American Arbitration Association, the Authority, Trade Contractor, Construction Manager, and the Architect, to the extent they are not otherwise a Party to the arbitration. At the Authority's election, and its sole discretion, it may invoke application of Fast Track Procedures under the AAA Rules for any such arbitration proceedings initiated under the Contract Documents. The Trade Contractor acknowledges and agrees that Minn. Stat. § 544.42 does not apply to this Project.

6.4.4 Contract Performance During Arbitration. During arbitration proceedings, the Authority, Trade Contractor, Architect, Construction Manager and any Subcontractor or Subconsultant shall comply with **Subparagraph 6.2.4** hereof.

6.4.5 When Arbitration May Be Demanded. A demand for arbitration shall be made no earlier than concurrently with the filing of a request for mediation, but in no event shall it be made after the date when the institution of legal or equitable proceedings based on the Claim would be barred by the applicable statute of limitations or repose. For statute of limitations purposes, receipt of a written demand for arbitration by the Person administering the

arbitration shall constitute the institution of legal or equitable proceedings based on the Claim.

6.4.6 Consolidation or Joinder. Any arbitration shall include, by consolidation or joinder, the Construction Manager, Architect, Subcontractors, Suppliers, Subconsultants, Trade Contractors, and other Persons bound to arbitrate according to this **Paragraph 6.4** if substantially involved in a common question of fact or law. The foregoing agreement to arbitrate and consolidation and joinder shall be specifically enforceable under Applicable Laws in any court having jurisdiction thereof. Any contract between the Trade Contractor and any Subcontractor and Supplier and contracts between Subcontractors and Suppliers and lower tiers of Sub-Subcontractors and suppliers shall include provisions for arbitration, consolidation, and joinder consistent with this **Paragraph 6.4**.

6.4.7 Judgment on Final Award. The award rendered by the arbitrator or arbitrators shall be final, and judgment may be entered upon it in accordance with Applicable Laws in any court having jurisdiction thereof.

6.4.8 Litigation of Third-Party Claims. If a third-party who is not a member of the Project Team sues a member of the Project Team, the Authority, or Team in a court of law ("**Third-Party Suit**"), then the Authority, or the Team as applicable, shall have the absolute discretion to join in the Third-Party Suit members of the Project Team who are involved in common questions of law or fact or whose participation is necessary to provide complete relief in the Third-Party Suit, and the Authority, and the Team as applicable, have the absolute discretion to decide to waive and not require arbitration of Claims involving the Third-Party Suit as otherwise provided in these Terms of Design and Construction. The Project Team hereby consents to jurisdiction and venue in any court in which the suit is commenced or to which such Third-Party Suit is removed.

6.4.9 Attorneys' Fees and Costs. If any legal action, litigation or other proceeding, including arbitration, is brought for the enforcement of this Trade Contract Agreement or the Trade Contract Documents and/or because of an alleged dispute, breach, default or misrepresentation in connection with any provision of the Trade Contract Documents, the prevailing Party shall be entitled to recover, in addition to all other amounts awarded, reasonable attorneys' fees all reasonable costs and fees associated with paralegal, experts, consultants, or others engaged for the purposes of the litigation or proceeding, in addition to court costs, the expenses of arbitration, and other reasonable costs bringing or defending the action, and, in addition, any other relief of which it may be entitled.

7. Changes

7.1 Contract Request. All changes to the Trade Contractor Work must be approved in strict accordance with the requirements of this Trade Contract Agreement. No change in the Trade Contractor Work, in any form, will be approved without the Trade Contractor providing the Authority with all reasonably required documentation, including a properly completed Contract Request Form, which will be provided by the Authority. The Contract Request Form, and all required contractual documentation associated therewith and required by the Authority, must be provided to and approved by the Authority in writing before commencement of any proposed changes in any part of the Trade Contractor Work. The Authority will administer a Pending Change Report to identify and track any and all potential changes in the Trade Contractor Work, and the Trade Contractor is obligated to provide all supporting documentation reasonably required by the Authority to administer the Pending Change Report. The Authority will use the Pending Change Report to provide the Trade Contractor with written authorization to proceed with commencing approved changes, if any, to the Trade Contractor Work. The Trade Contractor is responsible to immediately provide the Authority with timely notification of any pending change associated with the Trade Contractor Work in accordance with the requirements of this **Paragraph 7.1** and the Trade Contract Documents and to provide projected cost impacts, if any, within five (5) Days of notification of such change. The Trade Contractor is responsible to provide final costs associated with any pending change within two (2) weeks of inclusion on the Pending Change Report, or such other timeframe as reasonably agreed to in writing by the Authority. If the Trade Contractor performs any alleged change in the Trade Contractor Work in the absence of proper notice required by the Trade Contract Documents, the Trade Contractor then assumes all liability for such Trade Contractor Work, understands and agrees that the Trade Contractor will not be paid for such Trade Contractor Work, and agrees that the Authority is not obligated to compensate the Trade Contractor for such alleged change as a Cost of the Trade Contractor Work or as an addition to this Trade Contract Amount.

7.2 Contract Revision. A Contract Revision related to the Trade Contractor Work is a written order signed by the Authority and Trade Contractor, and issued after execution of this Trade Contract Agreement, stating their agreement with respect to a Change in the Trade Contractor Work, and which may include an adjustment in the Trade Contract Amount and/or an adjustment to the Construction Schedule or Contract Time. Costs to the Authority resulting from a Change in the Trade Contractor Work shall be determined in writing between the Authority and the Trade Contractor before issuance of any Contract Revision. The Trade Contractor shall not proceed with any Changes in the Trade Contractor Work either without a prior written authorization from the Authority, or if the Authority does not consider the Trade Contractor Work in question to be a Change in the Trade Contractor Work, then without a written notice of Claim as provided herein. The Trade Contractor agrees that it will not be paid for and waives any Claim for payment associated with any alleged Change in the Trade Contractor Work or any Contract Revision unless the

Trade Contractor fully complies with the terms of this **Paragraph 7.2** and the notice of Claims provision **Paragraph 6.2**. The Trade Contractor further assumes any and all risks or liabilities associated with the Trade Contractor proceeding with any alleged Change to the Trade Contractor Work or any pending Contract Revision that is not administered, or preserved by a written notice of Claim, in strict accordance with the Trade Contract Documents. Except as otherwise set forth therein, any executed Contract Revision shall constitute a final settlement of all matters relating to or arising out of the change in the Trade Contractor Work which is the subject of the Contract Revision, including all direct and indirect costs associated with such change and any and all adjustments to the Trade Contract Amount and the Construction Schedule or Contract Time.

7.3 Construction Change Directive. A “**Construction Change Directive**” is a written order prepared by the Authority, directing a change in the Trade Contractor Work. The Authority may by Construction Change Directive, without invalidating the Trade Contract Documents, order changes in the Trade Contractor Work within the general scope of the Trade Contract Documents consisting of additions, deletions, or other revisions, the Trade Contract Amount and Contract Time being adjusted, if appropriate. A Construction Change Directive shall be used in the absence of total agreement on the terms of a Contract Revision. No adjustment to the Contract Time shall be made or allowed if the Construction Change Directive does not cause a delay to the Critical Path of the Construction Schedule.

7.3.1 If the Construction Change Directive does not provide for an adjustment to the Trade Contract Amount, any adjustment shall be based on one of the following methods:

- .1 mutual acceptance of a lump sum properly itemized and supported by efficient substantiating data to permit evaluation;
- .2 unit prices stated in the Trade Contract Documents or subsequently agreed upon; or
- .3 actual costs of the Trade Contractor Work.

8. Subcontractors

8.1 Award of Subcontractors. Any Subcontractor that the Trade Contractor proposes to use to perform a part of the Trade Contractor Work shall be subject to the approval of the Authority, which shall not be unreasonably withheld. Before this Trade Contract Agreement is executed, the Trade Contractor shall furnish the Authority, in writing, with (a) the name, trade and subcontract amount of all Persons and entities proposed as Subcontractors, and (b) the names of all Persons or entities proposed as Suppliers of the material or equipment identified in the Specifications (including those who are to furnish materials or equipment fabricated to a special design) and, where applicable, the name of the installing Subcontractor. The Authority will promptly reply to the Trade Contractor in writing stating whether or

not the Authority, after due investigation, has reasonable objection to any such proposed person or entity.

8.2 Subcontract Relations. Each Subcontract shall obligate the Subcontractor, to the extent applicable to the Trade Contractor Work performed by the Subcontractor, to assume toward the Trade Contractor and the Authority all the responsibilities, terms and conditions of the Trade Contract Agreement that the Trade Contractor assumes toward the Authority. The Trade Contractor shall make available to each proposed Subcontractor, prior to the execution of the Subcontract, copies of the Trade Contract Documents applicable to the Subcontractor's portion of the Trade Contractor Work, except Trade Contractor may redact pricing and other sensitive information from the copies provided to the Subcontractors.

8.3 Contingent Assignment of Subcontracts. Each Subcontract for a portion of the Trade Contractor Work is assignable by the Trade Contractor to the Authority provided that:

.1 assignment is effective only after termination of the Trade Contractor Work or stoppage of Trade Contractor Work by the Authority as provided in the Trade Contract Agreement and only for those Subcontracts which the Authority accepts by notifying the Subcontractor in writing in the Authority's sole discretion; and

.2 assignment is subject to the prior rights of the Trade Contractor's surety, obligated under bonds relating to the Trade Contractor Work.

8.4 Authority's Rights to Perform Construction. The Authority reserves the right to perform construction or operations related to the Project with the Authority's own forces and to award separate Trade Contracts or Vendor Contracts in connection with other portions of the Project or other construction or operations on the Project Site under conditions substantially similar to this Trade Contract Agreement, including those portions related to insurance and waiver of subrogation.

8.5 Payments to Subcontractors and Suppliers. Before making payments to any of its Suppliers or Subcontractors, Trade Contractor shall obtain lien waivers from all Subcontractors and Suppliers providing services, materials or work to Trade Contractor on the Project and representation from said Subcontractors and Suppliers that their work is free and clear of liens, Claims, security interests, or encumbrances. The Trade Contractor further expressly undertakes to defend and indemnify the Authority and the Indemnitees, at the Trade Contractor's sole expense with independent counsel of the indemnified party's choice, against any actions, lawsuits, or proceedings brought against the Authority or any Indemnitee as a result of Claims or liens filed against the Trade Contractor, the Trade Contractor Work, the Project Site, any improvements thereon, or any portion of the property of the Authority or any Indemnitee, and the Trade Contractor hereby agrees to pay any judgment or Lien resulting from any such actions, lawsuits or proceedings.

9. Coordination with Construction Manager

9.1 Project Schedule. The Trade Contractor will be responsible for coordinating and scheduling with the Construction Manager. The Trade Contractor shall be responsible for managing and administering the coordination and integration of the Trade Contractor Work with the work of other Trade Contractors and Vendors being performed at the Project Site.

9.2 Coordination. The Trade Contractor shall afford the Authority, Construction Manager, other Trade Contractors and Vendors reasonable opportunity for introduction and storage of their materials and equipment and performance of the work other Trade Contractors or Vendors at the Project Site. The Trade Contractor shall properly and fully connect and coordinate its Trade Contractor Work with the work of other Trade Contractors or Vendors so as not to interfere with or to delay the work of such other Trade Contractors or Vendors.

9.3 Damage. The Trade Contractor shall promptly remedy damage caused by the Trade Contractor to completed or partially completed construction or to property of the Authority or work of other Trade Contractors or Vendors. The Trade Contractor shall reimburse the Authority for costs incurred by the Authority which are payable to other Trade Contractors or Vendors because of delays, improperly timed activities, defective Trade Contractor Work or other errors or omissions of the Trade Contractor.

9.4 Claims. Claims and other disputes and matters in question between the Construction Manager and the Trade Contractor or Vendor shall be subject to the provisions of **Paragraphs 6.2 - 6.4.**

10. Compliance with Applicable Law

10.1 Equity Plan. The Trade Contractor shall comply with all Applicable Laws and any special requirements in the Contract Documents regarding equal employment opportunity, Targeted Business, and workforce participation initiatives. The Trade Contractor shall demonstrate good faith efforts to utilize minority (“**MBE**”) and women-owned (“**WBE**”) business enterprises (hereinafter referred to as “**Targeted Businesses**”). The Authority may retain the services of a Targeted Business Coordinator to assist with meeting Targeted Business and workforce participation goals. The Trade Contractor shall submit to the Authority a Targeted Business Enterprise Participation Plan within ten (10) Days after executing this Trade Contract Agreement. The Authority requires that the Trade Contractor utilize good faith efforts to achieve the goals for MBE and WBE participation set forth in the Authority’s Equity Plan for the Trade Contractor Work. The Authority also requires that the Trade Contractor utilize good faith efforts to achieve the workforce participation goals for minority and women workers regarding the Trade Contractor Work. The Authority agrees that it will follow the Equity Plan provided on the Authority’s website at: <http://www.msfa.com/content/EQUITY%20PLAN/FINAL%20EQUITY%20PLAN%202.8.13.pdf>

The Trade Contractor agrees that the Equity Plan is applicable to its Trade Contractor Work and specifically agrees to submit the forms attached hereto as **Exhibit 3** (Targeted Business Commitment and Information Form), **Exhibit 4** (Targeted Business Information Form), and **Exhibit 5** (TCA Equity Plan Progress Report).

The Trade Contractor shall utilize the Targeted Business Coordinator to the fullest extent possible to accomplish the following activities:

- .1 Identify the trades, services and suppliers needed for the Trade Contractor Work.
- .2 Identify Targeted Businesses that have the resources and capabilities to participate in the Trade Contractor Work.
- .3 Contact Targeted Businesses to solicit bids for work on the Trade Contractor Work.
- .4 Certify currently uncertified but qualified companies as Targeted Businesses for participation in the Trade Contractor Work.
- .5 Develop the Targeted Business Enterprise Participation Plan for submittal with any bid or proposal from a Subcontractor.
- .6 Track participation of Targeted Businesses.
- .7 Prepare Targeted Business participation reports required by the Authority.
- .8 Comply with workforce utilization requirements of the Authority's Equity Plan for the Trade Contractor Work, including requirements established pursuant to Section 17, subd.1 of the Act.

Trade Contractor's failure to use good faith efforts to achieve the Authority's Targeted Business participation goals or to follow the requirements of the Authority's Equity Plan for the Trade Contractor Work may result in the assessment of appropriate damages.

11. Payments

11.1 Amount Payable. The Trade Contract Amount is the maximum total amount payable to the Trade Contractor for performance of the Trade Contractor Work under the Trade Contract Agreement.

11.2 Schedule of Values. The Trade Contractor shall submit to the Authority a Schedule of Values allocated to various portions of the Trade Contractor Work, prepared in such form and supported by such data to substantiate its accuracy as the Authority deems necessary. The Authority shall have the right to approve the Trade Contractor's format of the Schedule of Values and all subsequent forms of the Schedule of Values. The Schedule of Values shall be used by the Authority as a basis for reviewing the Trade Contractor's Applications for Payment.

11.2.1 Any Schedule of Values that fails to include sufficient detail, is unbalanced, or exhibits "front-end loading" of the value of the Trade Contractor Work shall be rejected. If a Schedule of Values had been initially

approved and subsequently used, but later found improper for any reason, sufficient funds shall be withheld from future Applications for Payment to ensure an adequate reserve, exclusive of normal retainage, to complete the Trade Contractor Work.

11.3 Applications for Payment. The Trade Contractor shall submit to the Authority an itemized Application for Payment for completed portions of the Trade Contractor Work in accordance with the Schedule of Values. Such Application for Payment shall be notarized, if required, and supported by such data substantiating the Trade Contractor's right to payment as the Authority may require. Such Applications for Payment may include requests for payment on account of changes in the Trade Contractor Work that have been properly authorized by Construction Change Directives, but not yet included in a Contract Revision. Such Applications for Payment shall not intentionally include requests for payment of amounts the Trade Contractor does not intend to pay to a Subcontractor or Supplier because of a dispute or other reason unless the Trade Contractor has properly performed the Trade Contractor Work for which payment is being requested in lieu of the Subcontractor or Supplier. By signing and submitting an Application for Payment, Trade Contractor shall represent and warrant that Trade Contractor has no Knowledge of and waives any Claims, specifically including Claims for any adjustment to the Contract Time or adjustments to the Trade Contract Amount, based on events or circumstances existing or occurring before the date of the subject Application for Payment, except as specifically stated in said Application for Payment or as may have been properly preserved by timely written notice of a Claim as required by the Trade Contract Documents. Each Application for Payment shall be accompanied by the following, all in form and substance satisfactory to the Authority:

.1 A current Trade Contractor's waiver of lien or claim for payment and duly executed and acknowledged sworn statement showing all Subcontractors and Suppliers with whom the Trade Contractor has entered into Subcontracts, the amount of each such Subcontract, the amount requested for any Subcontractor and Supplier in the requested progress payment, and the amount to be paid to the Trade Contractor from such progress payment, together with similar sworn statements from all such Subcontractors and Suppliers;

.2 Duly executed waivers of liens and claims for payment from all Subcontractors, Suppliers, and lower tier Sub-Subcontractors establishing payment or satisfaction of all amounts requested by the Trade Contractor on behalf of such entities or persons in the previous Application for Payment;

.3 Invoices and back-up documentation from any Subcontractor, Supplier, Sub-Subcontractor, or other party to whom the Trade Contractor proposes to make payment under that Application for Payment; and

.4 All information and materials required to comply with the requirements of the Trade Contract Documents, requested by the Authority or reasonably requested by any Lender, Lender's representative and any escrow or disbursement agent or title company, if any, retained by the Authority or any Lender to disburse payments.

11.4 Materials and Equipment. Unless otherwise provided in the Trade Contract Documents, payments shall be made on account of materials and equipment delivered and suitably stored at the Project Site for subsequent incorporation in the Trade Contractor Work. If approved in advance by the Authority, payment may be made for materials and equipment suitably stored off the Project Site at a location agreed upon in writing. Payment for materials and equipment stored on or off the Project Site shall be conditioned upon compliance by the Trade Contractor with procedures satisfactory to the Authority to establish the Authority's title to such materials and equipment or otherwise protect the Authority's interests, and shall include applicable insurance, storage, and transportation to the Project Site for such materials and equipment stored off the Project Site. Trade Contractor shall also comply with the following specific requirements:

- .1 The aggregate cost of materials stored off site shall not exceed ten percent (10%) of the Trade Contract Amount at any time without written approval of the Authority;
- .2 Title to such materials shall be vested in the Authority, as evidenced by documentation satisfactory in form and substance to the Authority, including recorded financing statements, UCC filings, and UCC searches;
- .3 With each Application for Payment, the Trade Contractor shall submit to the Authority a written list identifying each location where materials are stored off the Project Site and the value of materials at each location. Trade Contractor shall procure insurance for materials stored off the Project Site in an amount not less than the total value thereof and shall provide satisfactory evidence of such insurance coverage along with the Application for Payment for such materials;
- .4 The consent of any surety shall be obtained to the extent required prior to payment for any materials stored off the Project Site;
- .5 Representatives of the Authority and the Lender's designees shall have the right to make inspections of the storage areas at any time; and
- .6 Such materials shall be (a) protected from diversion, destruction, theft, and damage to the satisfaction of the Authority, (b) specifically marked for use in the Trade Contractor Work, and (c) segregated from other materials at the storage facility.

11.5 Title to Trade Contractor Work. The Trade Contractor warrants that title to all Trade Contractor Work covered by an Application for Payment will pass to the Authority no later than the time of payment. The Trade Contractor further warrants that upon submittal of an Application for Payment, all Trade Contractor Work for which Certificates for Payment have been previously issued and payments received from the Authority shall be free and clear of liens, Claims, security interests, or encumbrances in favor of the Trade Contractor, Subcontractors, Suppliers, Sub-Subcontractors, or other Persons able to make a Claim by reason of having provided labor, materials, and equipment relating to the Trade Contractor Work, except as specifically stated in said Application or as may have been properly preserved by timely written notice of a Claim as required by the Trade Contract Documents.

- .1 To the extent of payments received from the Authority, the Trade Contractor further expressly undertakes to defend and indemnify the Authority and the Indemnitees, at the Trade Contractor's sole expense, with independent counsel of the indemnified party's choice, against any actions, lawsuits, or proceedings brought against the Authority or any Indemnitee as a result of Claims or liens filed against the Trade Contractor, the Trade Contractor Work, the Project Site, any improvements thereon, or any portion of the property of the Authority or any Indemnitee. To the extent of payments received from the Authority, the Trade Contractor hereby agrees to indemnify and hold the Authority and all Indemnitees harmless against any such liens or claims of lien and agrees to pay any judgment or lien resulting from any such actions, lawsuits or proceedings.
- .2 The Authority shall release any payments withheld due to a Lien if the Trade Contractor obtains security acceptable to the Authority or a bond which is: (a) issued by a surety acceptable to the Authority, (b) in form and substance satisfactory to the Authority, and (c) in an amount not less than One Hundred Fifty percent (150%) of such Lien claim. By posting a bond or other acceptable security, however, the Trade Contractor shall not be relieved of any responsibilities or obligations under this **Paragraph 11**, including, without limitation, the duty to defend and indemnify the Authority and all Indemnitees. The cost of any premiums incurred in connection with such bonds or security shall be the responsibility of the Trade Contractor and shall not be reimbursable.

11.6 Approval of Applications for Payment. Based upon Applications for Payment submitted by the Trade Contractor and as approved by the Authority, the Authority shall make payment to the Trade Contractor. The period covered by each Application for Payment shall be one (1) calendar month ending on the last day of the month, or as otherwise agreed to between the Authority and Trade Contractor in writing. Provided that a Trade Contractor Application for Payment is approved for full or partial payment, the Authority shall make payment of the approved amount to the Trade Contractor not later than forty-five (45) Days after the Authority has approved Application for Payment. Each Application for Payment shall be based upon the most recent Schedule of Values submitted by the Trade Contractor and approved by the Authority in accordance with this Trade Contract Agreement. The Application for Payment shall show the percentage completion of each portion of the Trade Contractor Work as of the end of the period covered by the Application for Payment. The percentage completion shall be the percentage of that portion of the Trade Contractor Work which has actually been completed. Subject to other provisions of the Trade Contract Agreement, the amount of each progress payment shall be computed as follows:

11.6.1 Determine the portion of the Trade Contract Amount properly allocable to completed Trade Contractor Work as determined by the Authority.

11.6.2 Add that portion of the Trade Contract Amount properly allocable to materials and equipment delivered and suitably stored at the Project Site for subsequent incorporation in the Trade Contractor Work, or, if approved in advance by the Authority, suitably stored off the Project Site at a location agreed upon in writing.

11.6.3 Subtract retainage of five percent (5%). The Authority may in its sole discretion approve any deviation from this requirement.

11.6.4 Subtract the aggregate of previous payments made by the Authority.

11.6.5 Subtract amounts, if any, for which the Authority has reasonably withheld or denied a Trade Contractor Application for Payment as provided in the Trade Contract Documents.

11.6.6 The Authority shall pay interest of one and one-half percent (1.5%) per month (or any part of a month) to the Trade Contractor on an undisputed amount not paid to the Trade Contractor. The minimum monthly interest penalty payment for an unpaid balance of \$100 or more is \$10. For an unpaid balance of less than \$100, the Authority shall pay the actual interest penalty due to the Trade Contractor in accordance with Minnesota Statutes.

11.7 Decisions to Withhold Certification. The Authority may withhold a Certificate for Payment in whole or in part, to the extent reasonably necessary to protect the Authority, if in the Authority's withholding is justified because of:

11.7.1 Defective Trade Contractor Work not remedied;

11.7.2 Third-party claims filed or reasonable evidence indicating probable filing of such claims;

11.7.3 Failure of the Trade Contractor to properly pay Subcontractors or Suppliers;

11.7.4 Reasonable evidence that the Trade Contractor Work cannot be completed for the unpaid balance of the Trade Contract Amount or by the required Contract Time;

11.7.5 Loss or damage incurred by the Authority or another party; or

11.7.6 Persistent failures to carry out the Trade Contractor Work in accordance with the Trade Contract Documents.

11.7.7 The Authority shall not be deemed to be in breach of the Trade Contract Documents by reason of the withholding of any payment pursuant to any provision of the Trade Contract Documents.

11.8 Joint Payments. To the extent necessary to protect the Authority from Claims, the Authority may make payment by joint payment to the Trade Contractor and the Subcontractors and Suppliers for Trade Contractor Work performed by such Subcontractors and Suppliers. Payments by the Authority shall not constitute approval or acceptance of any item of cost in the Application for Payment.

11.9 Payments to Subcontractors. If the Authority makes payment directly to the Trade Contractor for Trade Contractor Work performed by Subcontractors, then the Trade Contractor shall promptly pay each Subcontractor, in accordance with the approved Application for Payment submitted by the Trade Contractor, on account of such Subcontractor's portion of the Trade Contractor Work, the amount to which said Subcontractor is entitled, reflecting percentages actually retained from payments to the Subcontractor on account of such Subcontractor's portion of the Trade Contractor Work. The Trade Contractor must pay any Subcontractor within ten (10) Days of the Trade Contractor's receipt of payment from the Authority for undisputed services provided by the Subcontractor. The Trade Contractor must pay interest of one and one-half percent (1.5%) per month (or any part of a month) to the Subcontractor on any undisputed amount not paid on time to the Subcontractor. The minimum monthly interest penalty payment for an unpaid balance of \$100 or more is \$10. For an unpaid balance of less than \$100, the Trade Contractor shall pay the actual penalty due to the Subcontractor in accordance with Minnesota Statutes. The Trade Contractor shall, by appropriate agreement with the Trade Contractor and each Subcontractor, require each Subcontractor to make payments to Sub-Subcontractors in similar manner upon receipt of payment from the Trade Contractor. The Authority shall have no obligation to pay or to see to the payment of money to a Subcontractor or Supplier.

11.10 [RESERVED]

11.11 Effect of Payment. An approved Application for Payment, Certificate for Payment, a progress payment or partial payment of any kind, or partial or entire use or occupancy of the Project by the Authority shall not constitute, nor shall it be construed as, acceptance or approval of any portion of the Trade Contractor Work not in accordance with the Trade Contract Documents or to otherwise relieve the Trade Contractor of any of its obligations hereunder with respect thereto.

11.12 Reimbursement. If the Authority is entitled to reimbursement or payment from the Trade Contractor under or pursuant to the Trade Contract Documents such payment shall be made promptly by the Trade Contractor upon demand from the Authority. Notwithstanding anything contained in the Trade Contract Documents to the contrary, if the Trade Contractor fails to promptly make any payment to the Authority which is due to the Authority, or the Authority incurs any costs and expenses to cure any default of the Trade Contractor or to correct defective Trade Contractor Work, the Authority shall have an absolute right to offset such amount against the Trade Contract Amount or any progress payment otherwise due and may, in the Authority's sole discretion, elect either to: (a) deduct an amount equal to that which the Authority is entitled from any payments then or thereafter due the Trade Contractor, or (b) issue a written notice to the Trade Contractor reducing the Trade Contract Amount by an amount equal to that to which the Authority is entitled.

11.13 Advance Payments. Except with the Authority's prior written approval, the Trade Contractor shall not authorize advance payments to Suppliers for materials that have not been delivered to and properly stored at the Project Site.

11.14 Reliance on Information. Establishment of the time period of one (1) year as described in **Subparagraph 15.2.2** relates only to the specific obligation of the Trade Contractor to correct Trade Contractor Work, and has no relationship to the time within which the obligation of the Trade Contractor to comply with the Trade Contract Agreement may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the Trade Contractor's liability with respect to the Trade Contractor's obligations other than specifically to correct its Trade Contractor Work.

16. Termination or Suspension by Authority

16.1 Termination or Completion of the Trade Contractor Work by the Authority for Cause. 16.2.2 In case of such termination for the Authority's convenience, the Trade Contractor shall recover, as its sole remedy, payment for the Trade Contractor Work properly performed prior to the effective date of termination and for equipment ordered and not returnable, and proven costs of termination for the Trade Contractor such as, for example, restocking charges, non-cancelable material purchase orders, and attributable to the Trade Contractor Work actually executed. The Trade Contractor hereby waives and releases all other Claims for payment and damages, including anticipated fees, profits or lost overhead for portions of the unperformed Trade Contractor Work. The Authority shall be credited for:

- .1** payments previously made to the Trade Contractor for the terminated portion of the Trade Contractor Work;

- .2 Claims that the Authority has against the Trade Contractor under this Trade Contract Agreement; and

This Trade Contract Agreement may not be assigned by Trade Contractor without the prior written approval of the Authority, which approval may be withheld in the Authority's sole discretion.

17.3 Inspection. Inspection of the progress, quantity, or quality of the Trade Contractor Work done by the Authority, any Authority representative, any Governmental Agency, the Architect, or any inspector, shall not relieve the Trade Contractor of any responsibility for the compliance of the Trade Contractor Work with the Trade Contract Documents. The Authority or its approved representative shall have access to the work site and all Trade Contractor Work. No supervision or inspection by the Authority's representative, nor right of the Authority to act, nor any other actions taken by the Authority's representative shall relieve the Trade Contractor of any of its obligations under the Trade Contract Documents nor give rise to any duty on the part of the Authority. If any of the Trade Contractor Work is required to be inspected or approved by any Governmental Authority, the Trade Contractor shall cause such inspection or approval to be performed. No inspection performed or failed to be performed by the Authority hereunder shall be a waiver of

any of the Trade Contractor's obligations hereunder or be construed as an approval or acceptance of the Trade Contractor Work or any part thereof.

17.3.1 Notwithstanding **Paragraph 17.3**, the Authority will have the right to make specific elections and approve interim and final design elements, including but not limited to, the selection of equipment and the location of the equipment.

17.4 Claims Against Others Involved With Project.
