### B. Answers to questions

1a. Are we only providing the cost for cabling to these above locations?

Cable, connections, testing

1b. Also at those locations are we to install the additional 6SMFO and the additional 2 UTP for the Visitor 1 at those 9 locations?

Yes, Visitor 1 is part of the visiting ENG, section 7 of original RFP specs

2. During our walk today it was stated the we installing to the Ped 1 and Ped 3. But the cable schedule shows that all the Ped 1 thru 7 is to get single mode fiber and UTP.

36 strands on Ped 1 and 3 are part of the local ENG, section 5 of original RFP specs. Ped 1-7 for visitor 1 is part of the visiting ENG, section 7 of original RFP specs

3. If we have to install to Club 1 and Club 2 (6SM and 2 UTP Visitor 1) where are those locations.

Do not include Club 1 and 2 at this time and add as clarification on bid

**3 ENG CABLE SCHEDULE**  
NTS

Also on page 16 states the following.

6 Local ENG Alternate

- A. Provide deduct on each cable pull, if one of the Local ENG cable runs is removed from project.

Questions for example am I to provide a deduct price for "Outside Home Locker Room" the total cost for that JBE or separate price for one 12SM and for each of the UTP's and the visitor 6SM? I presently am assuming that I am to give a total deduct for everything that goes to that box.

Provide deduct only for 12 SM and 4 UTPs for "Outside Home Locker Room." Visitor will still be included as part of the Visiting ENG portion of RFP.

In the Broadcast Cabling Spec page 11 & 12

2.7 A.1 thru 2.7.A.8 In house Portable Broadcast Cables

Are we to include these various "turn over" cables as part of our pricing or have this already been taken care of with Parsons base scope?

Bidder is to provide as part of this RFP

Page 17 thru 18

2.10.A thru 2.10.E Distribution

Are we to include or have that been taken care of with Parsons base scope?

**Bidder is to provide as part of this RFP**

2.11.A and 2.11.B Portable Equipment

Are we to provide or have that been taken care of with Parsons base scope?
