G. Selection Process

As permitted by the Act, a competitive negotiation process will be used to determine which Proposal(s) will be most advantageous to and in the best interest of the Project. The Authority and Team will review and evaluate all Proposals received, and the Authority will publish a short list of
qualified Proposers to be interviewed. The shortlisted Proposers will then enter into discussions and negotiations with the Authority and Team, who will determine which Proposal is most advantageous to the Project.

Nothing in this RFQ/RFP shall require a contract to be awarded for all services solicited in this RFQ/RFP. The Authority reserves the right to award separate contracts for any one or more of the service categories identified herein, and to not award a contract for any particular service solicited in this RFQ/RFP. Joint venturing among Proposers is not encouraged or discouraged.

If multiple Proposers submit a Proposal as a joint venture, the Proposal shall clearly designate the specific services proposed to be performed by each joint venture partner and the amount of proposed compensation to be received by each joint venture partner as a percentage of the total compensation received by the joint venture. The Authority reserves the right and discretion to award a portion of the services solicited in this RFQ/RFP to one joint venture partner and not the other joint venture partner or partners.

If the Proposal includes a proposed subconsultant or subconsultants, the proposed subconsultants will be subject to the approval of the Authority and Team. The Authority reserves the right to reject any proposed subconsultant. The Proposal must designate the particular services that the Proposer suggests would be performed by subconsultants and the amount of proposed compensation to be received by each subconsultant as a percentage of the total compensation received by the Proposer.

If part of Proposer’s proposed compensation is performance based, Proposer must explain its performance compensation proposal in detail, how it would be measured and verified, and whether it would be tied to actual hours worked on the Project.

After discussions and negotiations, the Authority and Team will select the Proposer or Proposers deemed to be qualified and best suited among those submitting proposals, on the basis of the following evaluation criteria:

1. The experience, qualifications, skill and professionalism of the Proposer’s key personnel committed to this Project.

2. Proposer’s responses to Exhibit A: Contents of Proposal.

3. The Proposer’s capacity to provide high quality services, outreach and training as described by this RFQ/RFP. The selected Proposer may not be the only entity which may perform outreach and training on the Project.

4. The Proposer’s relevant experience, expertise, qualifications, and success in providing services of the type described in this RFQ/RFP. It is expected the successful Proposer will demonstrate previous successful provision of similar services to comparable projects.
5. The Proposer’s financial proposal, including price and terms, including full disclosure of the breakdown of all fees, costs or compensation proposed to be paid from the Proposer’s compensation to joint venture partners, subconsultants, or any other unaffiliated persons, institutions, organizations, associations or groups in furthering the Proposer’s work as employment services assistant.

6. Acceptance of the contractual terms that are proposed to govern the relationship with the Proposer.

7. The degree to which the Proposer is a minority owned business, woman owned business or owned by a disabled individual.

This RFQ/RFP specifies minimum requirements and should be responded to in all respects. In addition, Proposers should and are encouraged to submit alternatives and recommendations that may benefit the Project.

Notwithstanding anything to the contrary in this RFQ/RFP, the Authority reserves the right to award to the Proposer whose Proposal is most advantageous to the Project and in its best interest as determined by the Authority and Team. No Proposer shall be entitled to rely on any oral representations or statements made by the Authority or Team during the RFQ/RFP process. After the commencement of this RFQ/RFP process, all communications shall be by e-mail to the persons listed in Section E above. If any Proposer attempts any unauthorized communication, the that Proposer’s Proposal may be rejected.

The Authority shall have the sole discretion to determine the responsibility of Proposers and the responsiveness of Proposals, which the Proposers agree shall not be subject to challenge unless it is arbitrary, capricious, or not supported by substantial evidence. Any protest to the procedures set forth in this RFQ/RFP must be submitted in writing to the persons listed in Section E above within seven (7) days after receipt of the RFQ/RFP; otherwise such protest or challenge shall be deemed waived. By submitting a Proposal, the Proposer affirms that it has no protest or challenge to the procedures set forth in this RFQ/RFP. The Authority shall decide all matters raised in any protest or challenge in question, and its decision shall be final and not appealable unless arbitrary, capricious, or not supported by substantial evidence. In no event shall any Proposer be entitled to attorneys’ fees, bid preparation costs, or other damages in a protest of an award pursuant to this RFQ/RFP. The Authority reserves the right to waive any irregularities or informalities in the Proposals presented by any Proposers.

The issuance of this RFQ/RFP constitutes only an invitation to submit Proposals. It is not to be construed as a request for bids, but as a means to facilitate the acquisition of information related to the purchase of professional services. Any Proposal submitted as provided herein constitutes a suggestion to supply information and to negotiate, and is not a bid.

The Authority reserves the right, in its sole and absolute discretion, to determine whether any aspect of the Proposal satisfactorily meets the criteria established in this RFP, the right to seek clarification from any Proposer(s), the right to negotiate with any Proposer(s), the right to reject any or
all Proposals with or without cause, and the right to cancel and amend, in part or entirely, the RFQ/RFP.

Evaluation of proposals by staff or by any other group are advisory, and such evaluations are for the sole benefit of the Authority or Team, as applicable, and as such, they are not binding nor may they be in any way relied upon by a Proposer.

H. **RFQ/RFP Process**

This RFQ/RFP, responses to it, and any subsequent negotiations and discussions shall in no way be deemed to create a binding contract or expectation of an agreement between the Proposer and the Authority or the Team.

The Authority reserves the right to accept or reject any or all Proposals, to amend or alter the selection process in any way, to postpone the selection process for convenience at any time, and to waive any defects in proposals submitted.

The Authority reserves the right to accept or reject any individual subconsultants or joint venture partners that the successful Proposer proposes to use. Several separate Proposers may also be selected, each to perform some but not all of the services requested in this RFQ/RFP or several Proposers may be requested to form a joint venture to serve as the selected Equity management consulting Service firm.

All Proposals shall remain open for acceptance until 60 days after the Proposal Deadline.

All Proposals are eventually subject to the Minnesota Government Data Practices Act, Minn. Statutes, Chapter 13, but the Act prohibits disclosure of any information derived from Proposals submitted by competing Proposers, and the content of all Proposals is nonpublic data under Chapter 13 until such time as notice to award a contract is given by the Authority. Proposers shall note with their Proposal any proprietary information or other private data in their submittal.

All material submitted becomes the property of the Authority and Team and will not be returned.

If awarded a contract, the Proposer warrants and agrees to use its best efforts to perform all services in accordance with the contract terms and in accordance with generally accepted standards of care applicable to the services to be performed. The prospective Proposer further warrants and agrees that it shall employ whatever resources are necessary to meet the requirements specified in such contract.

Proposers warrant and represent that they have all necessary licenses and permits and shall comply with all Federal, State, and local laws, codes and ordinances without cost to the Authority or Team.

EXHIBIT A

Contents of the Proposal

Proposals should include the following information:

A. Approach and Plan

1. Provide a plan of operation that fully addresses how each of the services outlined in the RFQ/RFP would be provided. The RFQ/RFP is incorporated by reference into this Exhibit A. Provide an answer for each of the services listed in the Basic Services and including, without limitation,

   a. The specific efforts the Proposer would intend to perform to facilitate inclusion of minority and women owned businesses to become employed by the Project contractors or their Subcontractors on the Project;

   b. The means and methods the Proposer would utilize to track the employment of minority and women owned businesses utilized on the Project; and minority, women, and veterans who employed on the Project;

   c. Identification of and efforts focused on trades which could provide significant improvement toward meeting workforce goals.

   It is a Project goal to identify, recruit and help place minority and women tradespeople in either local union apprenticeship programs, with Build Minnesota as on-site tradespeople or with contractors or subcontractors hired to work on the Project. The Project budget for assisting with the Project contractors’ and subcontractors’ obligations to utilize good faith efforts to employ minority and women tradespeople is an amount that is yet to be determined. The Authority has determined that there is a shortfall in the available minority and women tradespeople in various trades to meet the workforce goals established for this Project; the amount and distribution of that shortfall among various trades is under continuing review and could change in the discretion of the Authority. It is a project team desire to leave a legacy of trained minority and women workforce that will be available for other projects.

2. Based on Proposer’s knowledge of the Project, identify key risks faced in connection with the services solicited in this RFQ/RFP, and how the Proposer would mitigate or address those risks.

3. State who the Proposer would assign to the account as account executive and primary support staff and provide detailed resumés for these key individuals.
4. Describe the responsibilities of the Authority’s support staff and how the support staff would interact with the Proposers and others in relation to the services solicited in this RFQ/RFP.

5. Describe any additional services that have not been outlined in this Request for Proposal that the Proposer offers to clients and that you believe could be of significant benefit to the Project, together with any related fees for those services.

6. Identify those aspects of administration, including specific challenges faced on this Project, which will be critical to the success of the services solicited in this RFQ/RFP and how the Proposer would address them.

7. Describe the Proposer’s approach and success rate in performing the services contemplated in this RFQ/RFP and Proposer’s methodology in determining and verifying that the claimed success was due to or caused by its efforts. Be sure to identify significant projects and discuss how those projects were a success in regard to performing the services of the nature solicited in this RFQ/RFP.

8. Describe and identify the insurance Proposer carries in connection with its business including type of policy and limits. Include a current specimen insurance certificate with your Proposal.

9. Describe any proprietary systems that Proposer will employ to deliver the services described in its Proposal, and how they will benefit the Project and all Project participants.

10. Describe any other considerations the Proposer believes to be important to this RFQ/RFP.

B. **Proposer Information**

1. Describe the Proposer, its size, number of employees, and annual revenues;

2. Describe the Proposer’s general experience in providing services of the nature solicited in the RFQ/RFP and provide a list of recent major construction projects where Proposer has provided similar services with the names of and contact information for the owner's representatives for the respective projects. The Authority or Team may contact any of these representatives;

3. Describe how the Proposer is distinguished from its competitors;

4. Describe any claims, litigation, mediation or arbitration against the Proposer in the last five (5) years; and

5. Describe any conflicts of interest that you may have in representing the Authority, including any business relationships you may have with the Team, the National Football
League, the City of Minneapolis, the State of Minnesota, M.A. Mortenson Company, or other parties having an interest in the Project that may be construed to be a conflict of interest.

C. **Financial Proposal**

The Proposer’s financial proposal will be a significant factor in the evaluation of Proposals.

1. Each Proposer shall include a breakdown of its financial proposal identifying the proposed compensation requested to be paid by the Authority to the Proposer and itemizing the proposed cost. Proposer shall also itemize the compensation, if any, to be paid to each joint venture partner or subconsultant, if any.

2. Describe Proposer’s policy on transparency of income as well as position on the collection of contingency fees, bonus commissions or other income that is not directly related to the delivery of services on this Project.

3. Confirm that the Proposer’s sole remuneration for its services shall be as set forth in the contract between Proposer and the Authority, and that Proposer will not receive referral fees, placement fees, commissions, or other compensation from third parties in connection with the performance of the services required by this RFQ/RFP, including, without limitation, the Project contractor hired by the Authority.

4. Identify the costs, fees, or other compensation anticipated to be paid from the Proposer’s compensation to any other joint venture partner, subconsultant, or unaffiliated person, institutions, organizations, associations or groups in furthering the Proposer’s work as employment services assistant. Proposer shall not pay from its compensation, any fees, costs or other compensation to any group, institution, or organization affiliated with the Proposer including, without limitation, any person, group, institution, or organization owned in whole or in part by the Proposer, or the Proposer’s officers, directors, shareholders, members, or owners.

D. **Proposed Terms and Conditions of Engagement**

It is anticipates that the proposed terms set forth in Exhibit G will be used in the contract for this engagement. Accordingly, the Proposer must identify any and all essential changes the Proposer would require to the proposed terms set forth in Exhibit G, which changes will be evaluated during discussions and negotiations. Failure to request a change prior to discussions and negotiations will preclude the Proposer from later requesting negotiation or changes.
