11.9 In taking action on the Trade Contractor’s Application for Payment, the Authority shall be entitled to rely on the accuracy and completeness of the information furnished by the Trade Contractor and shall not be deemed to represent that the Authority has made a detailed examination, audit or arithmetic verification of the documentation submitted by the Trade Contractor or other supporting data, that the Authority has made exhaustive or continuous on-site inspections, or that the Authority has made examinations to ascertain how or for what purposes the Trade Contractor has used amounts previously paid. If requested by the Authority, the Authority’s accounting representative, acting in the sole interest of the Authority, will perform such examinations, audits and verifications.

The Trade Contractor must emphasize the importance of safety and a safe working environment to all its employees and Subcontractors and Suppliers of all tiers. Project safety must never be compromised.

13.2 The Trade Contractor understands and agrees that the Construction Manager shall be responsible to the Authority for, and will initiate, maintain, and provide supervision of safety precautions and administer a comprehensive Project Safety Program in connection with the Project and that Trade Contractor shall be bound by and adhere to the Construction Manager’s Project Safety Program. 13.3 The Trade Contractor is responsible for developing and administering a project safety program for the Trade Contractor Work that addresses, at a minimum, all of the requirements in the Project Manual and the Construction Manager’s Project Safety Program. This will include review of the safety programs of the Trade Contractor. The Construction Manager shall monitor the establishment and execution of effective safety practices, as applicable to the Trade Contractor Work, and compliance with all applicable regulatory and advisory agency construction safety standards. The Construction Manager’s responsibility for review, monitoring and coordination of the Trade Contractor’s safety programs shall not relieve the Trade Contractor from controlling its safety program. Notwithstanding the Construction Manager’s safety obligations, the Trade Contractor shall also have controlling employer responsibility for the safety programs and precautions applicable to its own work and the activities of other work in areas designated as within the control of Trade Contractor.
ARTICLE 14

CHANGES IN THE TRADE CONTRACTOR WORK

14.1 Construction Services

14.1.1 A Contract Revision related to the Trade Contractor Work is a written order signed by the Authority and Trade Contractor, and issued after execution of this Trade Contract Agreement, stating their agreement with respect to a Change in the Work and which may include an adjustment in the Trade Contract Amount, and/or the extent of the adjustment in Milestone Dates and the date required for Substantial Completion. The Contract Revision form that will be used on the Project is included as Exhibit 11 hereto. Costs to the Authority resulting from a Change in the Work shall be determined in writing between the Authority and the Trade Contractor before issuance of any Contract Revision. The Trade Contractor shall not proceed with any Changes in the Trade Contractor Work either without a prior written authorization from the Authority, or if the Authority does not consider the Trade Contractor Work in question to be a Change in the Trade Contractor Work, then without a written notice of Claim as provided in Paragraph 6.2 of Exhibit 6 hereto. The Trade Contractor agrees that it will not be paid for and waives any Claim for payment associated with any alleged Change in the Trade Contractor Work or any Contract Revision unless the Trade Contractor fully complies with the terms of this Article 14 and the notice of Claims provision in Exhibit 6 hereto. The Trade Contractor further assumes any and all risks or liabilities associated with the Trade Contractor proceeding with any alleged Change to the Trade Contractor Work or any pending Contract Revision that is not administered, or preserved by a written notice of Claim, in strict accordance with the Trade Contract Documents.

14.1.2 A Change Order related to the Trade Contractor Work is a written order signed by the Trade Contractor and Subcontractor, and issued after execution of a Subcontract, authorizing a change in a Subcontract. The Trade Contractor shall not proceed with any Changes in the Trade Contractor Work, including the Work of any Subcontractor or Supplier, without prior written authorization from the Authority. The Trade Contractor agrees that it will not be paid for and waive any Claim for payment associated with any alleged Change in the Trade Contractor Work or any pending Change Order unless the Trade Contractor fully complies with the terms of this Article 14. The Trade Contractor further assumes any and all risks or liabilities associated with the Trade Contractor proceeding with any alleged Change to the Trade Contractor Work or pending Change Order that is not administered in strict accordance with the Trade Contract Documents.

14.1.3 All Changes in the Trade Contractor Work must be administered under the requirements of this Article 14 and Exhibit 6 hereto.

14.1.4 The provisions of the Trade Contract Documents shall not be changed, amended, waived, or otherwise modified in any respect except by a writing signed by the Authority. No Person is authorized on behalf of the Authority to orally change, amend, waive, or otherwise modify the terms of the Trade Contract Documents or any of the Trade Contractor’s duties or obligations under or arising out of the Trade Contract Documents. Any change, waiver, approval, or consent granted to the Trade Contractor shall be limited to the specific matters stated in writing signed by the Authority, and shall not relieve Trade Contractor of any other duties and obligations under the Trade Contract Documents. No “constructive” changes shall be allowed unless preceded with a specific notice of Claim addressing the alleged constructive change at issue in strict accordance with Subparagraph 6.2 of Exhibit 6 hereto.
14.2 Regulatory Changes

14.2.1 The Trade Contractor shall be entitled to an equitable Contract Revision, where applicable, for Changes in the Trade Contractor Work necessitated by the enactment or revisions to Applicable Laws, which may be enacted from time to time after the execution of this Trade Contract Agreement. In such instances, if any, the Trade Contractor shall provide the Authority, in writing, the justification for such Changes in the Trade Contractor Work. At the time of execution of this Trade Contract Agreement, the Trade Contractor is not aware of any regulatory changes that would necessitate a Change in the Trade Contractor Work.
ARTICLE 15

CORRECTION OF WORK

15.1 The Trade Contractor shall promptly give notice to the Authority of any defective or nonconforming Work of the Trade Contractor discovered during the term of this Trade Contract Agreement and within a period of two (2) years from the Date of Substantial Completion of the Trade Contractor Work or designated portion thereof, or within such longer period provided by any applicable special or extended warranty.

15.2 The Trade Contractor shall be responsible to promptly make corrections in the Trade Contractor Work when the Trade Contractor’s Work is found to be damaged, defective, or nonconforming with the Trade Contract Documents. Corrections to the Trade Contractor Work that are not remedied within seven (7) days of delivery of a notice to the Trade Contractor, or sooner if deemed necessary by the Authority to maintain sequencing of the Trade Contractor Work or operation of any portion of the Project, may be completed by the Authority and back charged to the Trade Contractor, including all costs of administering such Trade Contractor Work without further notice to the Trade Contractor. Trade Contractor on its behalf and on behalf of its insurers, agents, and attorneys hereby waives any right to spoliation notice or right to be present during any work performed by the Authority pursuant to this provision. Costs associated with corrections of the Trade Contractor Work shall be borne by the Trade Contractor.

15.3 The Trade Contractor shall be responsible for all reasonable and direct costs of the Authority resulting from corrections in the Trade Contractor Work for which Trade Contractor is responsible and shall be further responsible for any Design Services which are caused or necessitated by errors, omissions, inconsistencies or other damages caused by the Trade Contractor and for which the Trade Contractor is responsible.
ARTICLE 16
INSURANCE, DISPUTE RESOLUTION, TERMINATION, AND INDEMNITY

Certificates of the Trade Contractor’s insurance shall be made available to the Authority prior to execution of this Trade Contract Agreement.

16.1.2 [RESERVED]

16.2.2 Subparagraph 16.2.1 hereof shall survive completion or termination of this Trade Contract Agreement.

16.4 Termination by the Trade Contractor

16.4.1 The Trade Contractor shall have the right to suspend its performance of the Trade Contractor Work or terminate this Trade Contract Agreement in accordance with Article 16 of Exhibit 6 hereto.

16.5 Indemnification

16.5.1 The Trade Contractor is required to indemnify, hold harmless and defend the Authority and all of the Indemnitees as specifically set for in Paragraph 4.18 of Exhibit 6 hereto.
ARTICLE 17
OTHER PROVISIONS

17.1 Nondiscrimination

In connection with the performance of its Work, the Trade Contractor agrees not to illegally discriminate against any employee or applicant for employment for any reason, including: age, race, sex, national origin, ancestry, religion, or color. This provision shall include the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training. Nothing contained in this Paragraph 17.1 shall be considered a limitation of the Authority’s rights of termination pursuant to Paragraph 16.4 hereof.

17.2 Successors and Assigns

The Authority and Trade Contractor each bind themselves, their partners, successors, permitted assigns, and legal representatives to the other Party to this Trade Contract Agreement and to the partners, successors, permitted assigns, and legal representative of such other Party with respect to covenants of this Trade Contract Agreement.

17.2.1 Notwithstanding anything to the contrary in this Trade Contract Agreement, it is acknowledged and agreed that the Authority shall have the right to assign, in whole or in part, its rights and duties under this Trade Contract Agreement without the consent of Trade Contractor to third parties including the Team, a Lender, and the Construction Manager. The Trade Contractor shall execute all consents reasonably required to facilitate such assignment. This Trade Contract Agreement may not be assigned by Trade Contractor without the prior written approval of the Authority, which approval may be withheld in the Authority’s sole discretion.

17.3 Legal Relations

17.3.1 Nothing contained in this Trade Contract Agreement shall create or is intended to create a contractual relationship with, or a cause of action in favor of, any third party against the Authority or any of the Indemnies. Notwithstanding the foregoing, the Parties hereto acknowledge and agree to the third party beneficiary rights established in Paragraph 17.4 herein.

17.3.2 Should Trade Contractor have a Claim against a Person involved with the Project, other than the Persons described in this Paragraph 17.3, then the Trade Contractor shall make such Claim directly against such other Person and not against the Authority or any of the Indemnitees.

17.3.3 Trade Contractor agrees and acknowledges that the Act requires the Authority to bid project construction in a manner that any cost overruns are the responsibility of the successful bidder and not the Authority or the State. Accordingly, Trade Contractor agrees and acknowledges that as the successful bidder, Trade Contractor is solely responsible for any cost overruns that may occur on the Trade Contractor Work in excess of the Trade Contract Amount as modified in accordance with and as allowed by the Trade Contract Documents, however caused, as the Authority has no authority to accept liability for cost overruns in contravention of the Act. Therefore, notwithstanding anything to the contrary in this Trade Contract Agreement except as provided in Paragraph 4.3 hereof and Subparagraph 10.3.1 of Exhibit 6 hereto, to the fullest extent permitted by Applicable Law, Trade Contractor hereby waives any and all Claims against Authority and any of the Indemnitees arising from or relating to (1) the Architect’s negligent acts, errors or omissions; (2) any implied or express warranty as to
the completeness, constructability, accuracy, suitability, or timeliness of the completion of any Drawings, Specifications, or other Trade Contract Documents; and (3) any other Claim the result of which would be to impose liability upon the Authority for a cost overrun in violation of the Act.

17.3.4 The Trade Contractor expressly acknowledges that it is an independent contractor and that it is not the representative or agent of the Authority or Team. Nothing contained in this Trade Contract Agreement shall be construed as constituting a joint venture or partnership between the Trade Contractor and the Authority or the Team. The Trade Contractor shall have the authority to act on behalf of the Authority only to the extent expressly provided in this Trade Contract Agreement unless otherwise modified by a subsequent written instrument. Under no circumstances shall Trade Contractor contract, negotiate or make commitments concerning the Project with any Governmental Authority or other authority with jurisdiction over the Project without the Authority’s prior written authorization. The Trade Contractor is not authorized to act on the Authority’s behalf, and shall not act on the Authority’s behalf, in such a manner as to result in change(s) to (1) the cost or compensation to be paid to any Project Participant or other Persons, or (2) the time for completing any portion of the Project by any Project Participant, or (3) the scope of the Design Services or the Trade Contractor Work, unless such representation is specifically provided for, set forth and authorized in this Trade Contract Agreement. The Authority will not assume, accept or ratify any obligation, commitment, responsibility or liability which may result from representation by the Trade Contractor not specifically provided for and authorized as stated in this Trade Contract Agreement.

17.4 Third Party Beneficiaries

It is expressly agreed and understood that all of the Indemnitees are intended third party beneficiaries of all the representations, warranties and covenants made by the Trade Contractor in the Trade Contract Documents, including without limitation the promises of the Trade Contractor to perform and complete the Trade Contractor Work. The rights of third party beneficiaries as described herein shall be consistent with the Trade Contract Documents. The responsibilities and liabilities of the Trade Contractor toward such third party beneficiaries shall be consistent with the Trade Contract Documents.

17.5 Governing Law, Venue, and Jurisdiction

The laws of the State of Minnesota, without giving any effect to conflicts of law provisions, shall govern and construe this Trade Contract Agreement. Each Party to this Trade Contract Agreement (1) agrees that except for those Claims or disputes which are subject to dispute resolution requirements set forth in this Trade Contract Agreement, any suit, action, or other legal proceeding arising out of this Trade Contract Agreement, any related agreements, or any of the transactions contemplated hereby or thereby shall be brought in the courts of the State of Minnesota, Fourth Judicial District, Hennepin County District Court; (2) consents to the jurisdiction of such court in any such suit, action, or proceeding; and (3) waives any objection which it may have to the venue of any such suit, action, or proceeding in such court.

17.6 Time is of the Essence

Time is of the essence with respect to this Trade Contract Agreement and the performance of obligations hereunder.

17.7 Lender Approval

The Trade Contractor hereby acknowledges that the Authority may be required to provide this Trade Contract Agreement to the Team’s lender(s) for review and approval. The Trade Contractor agrees to modify the terms and conditions of this Trade Contract Agreement as may be reasonably
requested by the Authority to satisfy the requirements of the Team’s lender(s), so long as any such modification does not materially increase the Trade Contractor’s risk or obligations under the Trade Contract Documents as may be determined by the Authority in its discretion.

17.8 Trade Contractor Performance

The Trade Contractor understands and agrees that the Authority retains, at its choice, any and all rights under law and under this Trade Contract Agreement, including injunctive relief, specific performance, and the right to recover damages against the Trade Contractor caused directly or indirectly by the Trade Contractor’s breach of the Trade Contract Agreement.

17.9 Payment Bond

Pursuant to Minnesota Statutes §§ 574.26 - 574.32 and the Act, the Trade Contractor is required to provide a Payment Bond in an amount equal to one-hundred percent (100%) of the Trade Contract Amount and in the form of Exhibit 9 hereto and from a surety or sureties acceptable to the Authority. If after the giving of the bond the Trade Contract Amount is increased, for any reason, the Authority may require additional bonds, the amount of which shall be not less than the amount of the increase in the Trade Contract Amount, and if the additional bonds are not furnished within ten (10) calendar days after demand, the Trade Contractor Work shall cease until the additional bonds are furnished.

17.10 Performance Bond

Pursuant to Minnesota Statutes §§ 574.26 - 574.32 and the Act, the Trade Contractor is required to provide a Performance Bond in an amount equal to one-hundred percent (100%) of the Trade Contract Amount and in the form of Exhibit 9 hereto and from a surety or sureties acceptable to the Authority. The Trade Contractor is responsible to administer the Trade Contractor’s Work in accordance with the Environmental and Other Responsibilities as outlined in Exhibit 12 hereto.

17.13 Entire Agreement

This Trade Contract Agreement represents the entire agreement between the Authority and Trade Contractor and supersedes any prior negotiations, representations, promises, or agreements whether written or oral. 5. **Additional Insureds and Severability of Interests.** Contractor’s Commercial General Liability and Automobile Liability insurance policies shall include Owner, its members, directors, officers, employees, commissioners and agents as Additional Insureds thereunder with respect to liability arising in connection with Contractor’s performance under this Agreement. Both such policies shall prohibit insurer subrogation against Owner and all other Additional Insureds. Such policies shall each also include a standard Cross Liability endorsement a severability of interests (or “separation of insureds”) provision. Contractor shall require any subcontractors it engages with respect to its performance under this Agreement to afford Owner and other parties described above similar Additional Insured status, and to similarly prohibit insurer subrogation against such Additional Insureds.

Such evidence of insurance shall be in the form of a standard Certificate of Insurance, shall include copies of the pertinent Additional Insured endorsements, and shall contain sufficient information to allow Owner to determine whether there is compliance with these provisions. All Certificates of Insurance shall require that the insurer provide at least 30 day notice to Owner prior to the effective date of policy cancellation, nonrenewal, or change that would result in noncompliance with the requirements of this Exhibit.

10. **Release and Waiver.** Contractor agrees to rely entirely upon its own property insurance for recovery with respect to any damage, loss or injury to the property interests of Contractor. Contractor hereby releases Owner, its members, officers, employees, agents and others acting on its behalf, from all claims, and all liability or responsibility to Contractor, and to anyone claiming through or under Contractor, by way of subrogation or otherwise, for any loss of or damage to Contractor's property or business interests caused by fire or other peril or event, even if such fire or other peril or event
was caused in whole or in part by the negligence or other act or omission of Owner or other party who is to be released by the terms hereof, or by anyone for whom such party may be responsible.

11. **Insurance Terms.** Insurance terms not otherwise defined herein shall be interpreted consistent with insurance industry usage.

12. **Governmental Limited Immunity** – Notwithstanding anything to the contrary in this agreement, the Commission does not waive any statutory limited immunity from municipal tort liability available to it under Minnesota Statutes Chapter 466.
