MEMORANDUM

TO: MSFA Commissioners

FROM: Ed Kroics, Executive Director

DATE: December 23, 2025

SUBJECT: Authorize Negotiation and Execution of a Trade Contract Agreement for the Local Area Network (LAN)/Wide Area Network (WAN) System

On November 3, 2025, the Authority published a Request for Proposal (RFP) for the replacement and upgrade of the Local Area Network and Wide Area Network System. The current system has reached end of life. The new LAN/WAN system will provide increased network bandwidth and faster connection speeds for all wired devices in the facility. In addition, the scope includes enhanced intrusion detection as well as a certification of all network ports.

Proposals were received on December 2, 2025. Proposals were reviewed and evaluated on multiple criteria. MS Benbow is recommended as the best value to the Authority.

Recommended Motion:

The Minnesota Sports Facilities Authority authorizes the Chair and Executive Director to finalize negotiations and execute a trade contract agreement with MS Benbow for the Local Area Network and Wide Area Network System for a total cost not to exceed \$5,200,000.
